

## DISTRICT PLAN TEXT AMENDMENTS

KEY:

### 1. Text Amendments as Notified by Council and included in Proposed Plan Change 14

For the purposes of this plan change any unchanged text is shown as normal text or in bold, any text proposed to be added by the plan change as notified is shown as **bold underlined** and text to be deleted as ~~bold strikethrough~~.

Text in green font identifies existing terms defined in *Chapter 2 – Definitions*.

Where the proposed plan change contains a term defined in *Chapter 2 – Definitions*, the term is shown as **bold underlined text in green** and the wording to be deleted is shown as ~~bold strikethrough in green~~. New definitions in Chapter 2 and within a provision (including a rule) is shown as **bold green text underlined in black**.

Text in blue font indicates existing links to other provisions in the District Plan and/or external documents. These will have pop-ups and links, respectively, in the on-line Christchurch District Plan. Where the proposed plan change contains a new link, it is shown as **bold underlined text in blue**. Where a link is proposed to be deleted, it is shown as ~~bold strikethrough in blue~~.

### 2. Changes recommended by the Independent Hearings Panel

The changes recommended by the Independent Hearings Panel are based on Council's 'Reply Provisions' version, which include:

- Text recommended to be added/deleted by proposed PC14
- Text recommended to be added/deleted within s42A reports.
- Text recommended to be added/deleted from expert conferencing/joint witness statements.
- Text recommended to be added/deleted within s42A reports in response to matters raised during Hearings.

Where the Independent Hearings Panel recommends that the proposed PC14 provision be accepted the text is changed to **bold underlined** for the added text, and changes to ~~bold strikethrough~~ for text to be deleted.

Where the Independent Hearings Panel recommends that green definitions or the blue links to other provisions and/or external documents are accepted they *remain* unchanged.

Changes recommended by the Independent Hearings Panel (including to proposed PC14 provisions, definitions and links) are shown as **bold underlined** for text in the Council's 'Reply Provisions' that are recommended to be accepted or for additional new text, and ~~bold deleted~~ for text to be deleted (ie the purple and orange colours in the Council's 'Reply Provisions' have been removed).

### 3. Further Instructions and Explanations for Council

- a. Nearly all recommended changes have been shown in the chapter.
- b. There is one instruction with regard to Appendix 18.11.3 – Recession planes, to update the diagram to show the boundary height as follows ~~2.3~~ **4.0**

# Chapter 18 Open Space

## 18.1 Introduction

- a. This introduction is to assist the lay reader to understand how this chapter works and what it applies to. It is not an aid to interpretation in a legal sense.
- b. The provisions in this chapter give effect to the [Chapter 3 Strategic Directions Objectives](#).
- c. This chapter relates to a wide range of open spaces within [Christchurch District](#), including small corner parks, large parks accommodating recreation space, playing fields and associated facilities, built up urban parks, and open spaces focusing on the natural environment, biodiversity and landscapes, including freshwater bodies. The objectives, policies, rules, standards and assessment criteria in this chapter seek to manage activities in those areas through seven different open space zones, being the Open Space Community Parks Zone, the Open Space Metropolitan Facilities Zone, the Open Space McLeans Island Zone, the Open Space Natural Zone, and the Open Space Water and Margins Zone, the Avon River Precinct/Te Papa Ōtākaro Zone, and the Open Space Coastal Zone.

## 18.2 Objectives and Policies

### 18.2.1 Objectives

#### 18.2.1.1 Objective – Provision of open spaces and recreation facilities

- a. A network of open spaces and [recreation facilities](#) that:
  - i. provides a diversity in the type and size of open spaces and [recreation facilities](#) to meet the current and future recreation, cultural, health and wellbeing needs of the community;
  - ii. contributes to the earthquake recovery of Christchurch and revitalised communities where people enjoy a high quality urban environment and enhanced opportunities for recreation;
  - iii. is [accessible](#) and distributed to meet the demands generated by population growth, urban intensification and areas of identified deficiency;
  - iv. provides users with a pleasant and safe environment;
  - v. enables temporary and multifunctional uses;

- vi. maintains and enhances **amenity values**, connectivity and public access, where appropriate;
- vii. recognises and provides for the historic and contemporary relationship of Ngāi Tahu with **Christchurch District's** land and water resources, and reflects their cultural values;
- viii. recognises and provides for the district's **indigenous biodiversity**; and
- ix. maintains and enhances public access to and along the coast.

### **18.2.1.2 Objective – Natural open space, water bodies and their margins**

- a. The inherent qualities of natural open spaces and **water bodies** are protected, maintained and enhanced, including:
  - i. the natural character, biodiversity, mahinga kai values, health and life supporting capacity of **water bodies**, their margins and the adjacent open spaces; and
  - ii. ecosystems and **indigenous biodiversity**, including habitats of **indigenous fauna**.
- b. **Accessibility** of natural open spaces and **water bodies** and their margins is maintained and, where appropriate, enhanced, for the enjoyment of:
  - i. their **amenity values**;
  - ii. a range of compatible **recreation activities** and **recreation facilities**; and
  - iii. cultural and mahinga kai values.

### **18.2.1.3 Objective – Character, quality, heritage and amenity**

- a. Activities, **buildings** and structures within open spaces are of a scale, form and design which:
  - i. maintain the predominance of open space, except for sites specifically dedicated to a more intense built development of **recreation facilities**, sports or **community facilities**;
  - ii. are compatible with the role and anticipated use of the open space, acknowledging that metropolitan facilities sites may contain large scale built development;
  - iii. in the case of Naval Point marine recreation area, support the existing function of the site and maintain public access to recreational boating activities and facilities;
  - iv. are integrated and consistent with the character of the surrounding area;
  - v. minimise adverse effects on **adjoining** land uses and the surrounding environment's ecological, landscape and natural values, **historic heritage** values and **amenity values**, both within and outside the open space;
  - vi. support the Garden City character of urban Christchurch and the heritage and natural setting of **Banks Peninsula** townships and settlements;

- vii. recognise and provide for cultural heritage and the culture, traditions and relationship of Ngāi Tahu mana whenua with their ancestral lands, water, sites, wāhi tapu and other taonga; and
  - viii. protect the **heritage values** and visual landscape characteristics of Hagley Park and its primary function for outdoor active and passive **recreation activities** and sporting activities.
- b. Heritage open spaces are recognised, maintained and protected.

## 18.2.2 Policies

### 18.2.2.1 Policy – The role of open space and recreation facilities

- a. Provide, restore and enhance a network of private and **public open spaces** and **recreation facilities** that cater for a range of roles, functions and activities as identified in Table 18.2.2.1 below.
- b. Avoid activities that do not have a practical or functional need to be located within open space.
- c. Provide for the redevelopment of privately owned open spaces no longer required for **recreation activities** in accordance with the rules of the zone most compatible with the surrounding environment.
- d. Maintain and enhance, where appropriate, public access connections to walking and cycling track networks, and recognise and provide for collaborative projects by multiple parties.

**Table 18.2.2.1**

a.	Open Space Community Parks Zone	<p>These spaces enable formal and informal <b>recreation activities</b>, while complementing and enhancing neighbourhood and <b>Central City amenity values</b>, and ensure provision of:</p> <ul style="list-style-type: none"> <li>i. Small public spaces with <b>landscaping</b> and seating located and designed to promote interaction within the local community;</li> <li>ii. <b>Accessible</b> neighbourhood parks with a predominance of open space and relatively flat topography capable of accommodating <b>amenity tree planting, landscaping, small-scale public amenities</b>, playground equipment and informal playing fields;</li> <li>iii. Large parks accommodating sports fields and smaller-scale <b>recreation facilities, public amenities, landscaping, large trees</b> and potential capacity for multifunctional use;</li> </ul>

		<ul style="list-style-type: none"> <li>iv. In the case of that part of Elmwood Park located at 83D Heaton Street (Lot 1, DP 12727) accommodating <b>major sports facilities</b> and <b>recreation facilities</b>; and</li> <li>v. Heritage and urban parks, such as Hagley Park and Latimer and Cranmer Squares, which have important <b>heritage values</b>, scenic, botanical, educational, cultural and/or recreational values and provide for entertainment.</li> <li>vi. In the case of the Open Space Community Parks Zone (Templeton) at 333 Pound Road (shown as “RuQ or OCP (Templeton)” on Planning Maps 29 and 36), a golf course, <b>recreation activities</b>, <b>community facilities</b> and associated activities only if all of the following are satisfied prior to 31 December 2021: <ul style="list-style-type: none"> <li>A. the recreation <b>reserve</b> status applying to the <b>site</b> at 189 – 273 Pound Road (shown as “OCP or RuQ (Templeton)” on Planning Map 29) is uplifted and placed upon the land within the zone;</li> <li>B. any resource consent(s) to clear or fell <b>indigenous vegetation</b>, as required to undertake a <b>quarrying activity</b> within the Rural Quarry Templeton Zone at 189 – 273 Pound Road (shown as “OCP or RuQ (Templeton)”), is/are granted; and</li> <li>C. any <b>quarrying activity</b> undertaken within the Rural Quarry Templeton Zone at 189 – 273 Pound Road (shown as “OCP or RuQ (Templeton)”) occurs in conjunction with development of an international standard golf course on the land at 333 Pound Road shown as “RuQ or OCP (Templeton)” on planning maps 29 and 36.</li> </ul> </li> </ul>
b.	Open Space Metropolitan Facilities Zone	<p>These spaces accommodate public and private <b>major sports facilities</b>, larger <b>recreation facilities</b>, marine <b>recreation facilities</b>, and <b>motorised sports facilities</b> on <b>sites</b> that provide:</p> <ul style="list-style-type: none"> <li>i. Sufficient land area to accommodate large scale <b>buildings</b> and structures, car and cycle <b>parking areas</b> and, where necessary, buffer areas to minimise <b>reverse sensitivity</b>;</li> <li>ii. Sufficient area to facilitate marine <b>recreation activities</b>, recreational boating and associated facilities while maintaining and enhancing public access to the coastal marine area for recreation;</li> <li>iii. Capacity for multifunctional use, co-location of complementary or compatible activities and for hosting</li> </ul>

		<p>city, regional, national and international events which provide entertainment to residents and visitors.</p> <p>iv. At the Yaldhurst Recreation and Sports Facility, at 466-482 Yaldhurst Road, a multi-disciplinary sports hub of a nature and scale that are complementary to the remainder of the sports facilities network in the City, while ensuring that potentially adverse effects of development are appropriately mitigated, including effects of traffic on the operation of SH73 (Yaldhurst Road) and SH71 (Russley Road).</p>
c.	Open Space McLeans Island Zone	<p>This zone accommodates <b>recreation activities</b> and animal conservation activities requiring larger scale <b>buildings</b> or areas of land and/or benefiting from natural, relatively isolated surroundings, and provides for:</p> <p>i. A predominance of open space; and</p> <p>ii. Separation from <b>residential activities</b> and <b>sensitive activities</b>; while</p> <p>iii. Recognising the environmental context of the area which is flood prone, close to active rural <b>quarrying activities</b> and the airport, and which accommodates conservation elements.</p>
d.	Open Space Natural Zone	<p>These spaces recognise extensive natural, ecological, scenic and outdoor recreation areas and ensure:</p> <p>i. Protection and enhancement of biodiversity, landscape, cultural and <b>historic heritage</b> values;</p> <p>ii. The natural open space environment is <b>accessible</b> and can be experienced through a range of compatible <b>recreation activities</b>, and/or <b>recreation facilities</b> and tourist activities and/or tourist facilities;</p> <p>iii. Rural activities and <b>buildings</b> are compatible and appropriate to the location and proposed use.</p>
e.	Open Space Water and Margins Zone	<p>These are spaces that include the surface of water and margins of rivers, lakes, and <b>wetlands</b>, which are managed to ensure:</p> <p>i. Protection and enhancement of the natural qualities and habitats of surface <b>water bodies</b> and their margins, including Lake Te Waihora (Ellesmere), Lake Wairewa (Forsyth), the Waimakariri River, and the Bromley wildlife conservation area associated with the sewage treatment facility;</p>

		<ul style="list-style-type: none"> <li>ii. Maintenance and enhancement of public access, where appropriate, through <b>esplanade reserves</b> and strips;</li> <li>iii. Provision for sports and recreational use of <b>water bodies</b>, where this does not compromise other values, including the use of <b>motorised water craft</b> on specific <b>water bodies</b>;</li> <li>iv. Provision for <b>customary harvesting</b>.</li> </ul>
f.	Open Space Avon River Precinct (Te Papa Ōtākaro) Zone	<p>This zone is an area alongside the Avon River/Te Papa Ōtākaro which provides for the restoration and enhancement of the established and important <b>public open space</b> of the Avon River Precinct/Te Papa Ōtākaro as a:</p> <ul style="list-style-type: none"> <li>i. People, walking and cycle-focused river edge that provides a continuous and connective link through the <b>Central City</b>;</li> <li>ii. Place that provides leisure opportunities and enhances the city's distinctive identity while protecting and enhancing the natural qualities and habitats of the river and its margins.</li> </ul>
g.	Open Space Coastal Zone	<p>This zone protects the natural environment of the sandy beaches and rocky shorelines of the <b>Christchurch City</b> coast from Waimakariri River to Taylors Mistake, while providing for:</p> <ul style="list-style-type: none"> <li>i. restoration and enhancement of <b>indigenous vegetation</b> and habitats of <b>indigenous fauna</b>, including the extensive network of dunes along the open coast;</li> <li>ii. compatible <b>coastal recreation activities</b>, public access to the coast and natural hazard defences; and</li> <li>iii. existing surf lifesaving, yacht club and coastguard facilities that contribute to the social and cultural wellbeing and health and safety of the community.</li> </ul>

### 18.2.2.2 Policy - Multifunctional use, accessibility and recovery

- a. Increase the capacity of open space and **recreation facilities** by promoting compatible multifunctional use of land, **buildings** and facilities through adaptable designs.
- b. Maximise utilisation of metropolitan facilities and large urban parks while maintaining the open space amenity.
- c. Provide for **community gardens**, temporary activities and facilities, where appropriate, to revitalise and connect communities, and promote recovery.

- d. Maintain and enhance **accessibility** of open spaces to communities by providing appropriately located entrances, public **access ways**, **frontages** to public **roads** and waterways, and wherever practicable connectivity with the wider open space and transport network.
- e. Recognise and provide for opportunities for revitalisation of Christchurch after the earthquakes.

### **18.2.2.3 Policy - Safety**

- a. Design and develop open space and **recreation facilities** to ensure a safe environment by:
  - i. designing spaces to deter crime and encourage a sense of safety, reflecting the principles of **Crime Prevention through Environmental Design (CPTED)**;
  - ii. providing clear sightlines and sufficient lighting to enhance visibility of public areas;
  - iii. achieving passive surveillance by having open space that is overlooked; and
  - iv. providing an adequate firefighting water supply in accordance with the **New Zealand Fire Service Firefighting Water Supplies Code of Practice**.

### **18.2.2.4 Policy - Water bodies and their margins**

- a. Maintain and enhance the natural character, biodiversity, health and life supporting capacity of **water bodies** and their margins by:
  - i. limiting development and activities in the vicinity of **water bodies** to those activities which have a practical and functional need to be located within these areas; and
  - ii. rehabilitation of **water bodies** and their margins and encouraging **indigenous vegetation** planting.
- b. Retain and enhance recreation opportunities and public access, where appropriate, to and along **water bodies** through provision of **esplanade reserves** or strips, or creation of adjacent open space parks.
- c. Recognise the cultural significance of water resources to Ngāi Tahu and ensure they are managed to maintain and enhance mahinga kai and, where appropriate, Ngāi Tahu whānui access to these resources.

### **18.2.2.5 Policy - Environmental effects**

- a. Ensure activities and the scale, layout, and design of open spaces and/or the facilities within them are appropriate to the locality and context, and any adverse effects on the **amenity values** of neighbours, Ngāi Tahu cultural values, **conservation activities** and programmes, and the wider community are managed, through:
  - i. providing sufficient separation distances and limiting the **height of buildings**;

- ii. limiting the floor area and **site coverage**;
  - iii. requiring **landscaping** and screening;
  - iv. mitigating adverse noise, glare, dust and traffic effects;
  - v. restricting the types, duration, hours of operation and frequency of activities;
  - vi. minimising disturbance of natural landforms, cultural landscapes identified in the **District Plan**, ecosystems or **indigenous biodiversity**, including fauna habitats;
  - vii. avoiding impacts on mahinga kai;
  - viii. requiring **building setbacks** from the banks of **water bodies**;
  - ix. encouraging the planting and maintenance of **indigenous vegetation** in the **setback** margins of **water bodies**; and
  - x. controlling the volume and depth of **filling** and **excavation** within the **water body** setbacks, and removal of vegetation.
- b. Ensure the scale, layout and design of facilities, **buildings** and structures is consistent with the role and function of the open space, and its anticipated level of spaciousness and character.
  - c. Minimise potential impacts of development within the open space zones on the operation of the Christchurch International Airport by avoiding development which could give rise to **reverse sensitivity** effects.
  - d. Protect the **National Grid** and identified **electricity distribution lines** by avoiding **buildings**, structures and **sensitive activities** in the open space zones within **setback** corridors.

#### **18.2.2.6 Policy - Flood protection**

- a. Recognise and provide for flood hazard mitigation and protection works when undertaken by the **Council**, the Canterbury Regional Council or the Crown having regard to potential adverse effects.

#### **18.2.2.7 Policy - Electricity transmission and distribution infrastructure**

- a. Recognise that **electricity transmission** and **electricity distribution** infrastructure may have a locational, operational and technical requirement to be located in an open space zone.

#### **18.2.2.8 Policy – Access to and along the coast**

- a. Ensure public access to and along the coast, including for public use and appreciation:
  - i. is maintained and enhanced, including Ngāi Tahu mana whenua access to mahinga kai and other customary uses, wāhi tapu and wāhi taonga;
  - ii. does not adversely affect the relationship of Ngāi Tahu mana whenua with their ancestral lands, water and sites;

- iii. is maintained and enhanced in places where existing access is provided; and
- iv. does not give rise to the destruction of features of the coastal environment or detract from the amenity of the coastal environment.

### **18.2.2.9 Policy – Coastal baches at Taylors Mistake, Hobsons Bay and Boulder Bay**

- a. Provide for a new **bach** area at Taylors Mistake to enable the relocation and/or replacement of existing **baches** that are removed from their existing location for reasons that may include risk from hazards; impact on or to improve recreational public access; or to restore the natural character values of the coastline.

## **18.3 How to interpret and apply the rules**

- a. The rules that apply to activities in the various open space zones are contained in the tables (including activity specific standards) and built form standards within:
  - i. [Rule 18.4](#) – Open Space Community Parks Zone;
  - ii. [Rule 18.5](#) – Open Space Metropolitan Facilities Zone;
  - iii. [Rule 18.6](#) – Open Space McLeans Island Zone;
  - iv. [Rule 18.7](#) – Open Space Natural Zone;
  - v. [Rule 18.8](#) – Open Space Water and Margins Zone and Avon River Precinct/Te Papa Ōtākaro Zone (**Note:** Where the Transport zone overlaps the Open Space Water and Margins Zone or Avon River Precinct Zone, as shown on the Planning maps, the Transport Zone provisions apply only to the bridge/roadway above the waterway); and
  - vi. [Rule 18.9](#) – Open Space Coastal Zone
- b. Area specific rules also apply to activities within:
  - i. the Open Space Community Parks Zone and Open Space Metropolitan Facilities Zone in the following areas:
    - A. Open Space Community Parks Zone (Templeton) – [Rule 18.4.3](#);
    - B. Canterbury Agricultural Park (as identified in [Appendix 18.11.1](#)) – [Rule 18.5.3](#); and
    - C. Temporary Christchurch Stadium (as identified in [Appendix 18.11.2](#)) – [Rule 18.5.4](#).
  - ii. the Open Space Coastal Zone in the following areas:
    - A. Coastal Bach Overlay (as identified in [Appendix 18.11.5](#)) – [Rule 18.9.1](#).
- c. The activity status tables and standards in the following chapters also apply to activities in all open space zones:
  - [4 Hazardous Substances and Contaminated Land](#);

- 5 Natural Hazards;
- 6 General Rules and Procedures;
- 7 Transport;
- 8 Subdivision, Development and Earthworks;
- 9 Natural and Cultural Heritage; and
- 11 Utilities and Energy.

- d. Open Space Metropolitan Facilities zoned sites specified in Table 1 below, which are no longer required for recreation activities and major sports facilities, shall be subject to the provisions of the underlying zones set out in the table:

**Table 1: Metropolitan Facilities – underlying zones**

Privately owned Metropolitan Facilities	Underlying Zone
<ul style="list-style-type: none"> <li>i. Christchurch Park</li> <li>ii. Rugby Park</li> <li>iii. Wilding Park</li> <li>iv. - e. Reference should also be made to any other applicable rules or constraints within other legislation or ownership requirements including the following:
- i. [Reserves Act](#);
  - ii. [Wildlife Act](#);
  - iii. [Conservation Act](#);
  - iv. Regional Rules under [Canterbury Regional Council Plans](#);
  - v. [Ngāi Tahu Claims Settlement Act 1998](#) – refer to Chapter 1, Section 3 which sets out the Statutory Acknowledgement for Wairewa (Lake Forsyth) and Te Tai o Mahaanui (Selwyn-Banks Peninsula Coastal Marine Area);
  - vi. [Christchurch City Council Traffic and Parking Bylaw 2008](#);
  - vii. [Christchurch City \(Reserves\) Empowering Act 1971](#);
  - viii. [The Heritage New Zealand Pouhere Taonga Act 2014](#) in relation to any modification or destruction of [archaeological sites](#);
  - ix. The [Council Marine and River Facilities Bylaw 2008](#);
  - x. Canterbury Regional Council [Navigation Safety Bylaw 2016](#);
  - xi. Canterbury Regional Council [Flood Protection and Drainage Bylaw 2013](#);
  - xii. The requirements of the [New Zealand Electrical Code of Practice for Electrical Safe Distances \(NZECP: 2001\)](#) apply to land use activities and vegetation under or near transmission lines and include restrictions on the location of structures and activities;
  - xiii. [Summit Road \(Canterbury\) Protection Act 2001](#) - Note: Any development may be affected by the provisions of the Summit Road (Canterbury) Protection Act 2001 which applies to land above Summit Road and within 30m vertically below Summit Road and Dyers Pass Road (refer to Summit Road (Canterbury) Protection Act and Gazette notice). You are advised to contact the Summit Road Protection Authority for more information. The extent of the subject area is shown on the planning maps.

## 18.4 Rules – Open Space Community Parks Zone

### 18.4.1 Activity status tables – Open Space Community Parks Zone

#### 18.4.1.1 Permitted activities

- a. The activities listed below are permitted activities in the Open Space Community Parks Zone if they meet the activity specific standards set out in the following table and the built form standards in [Rule 18.4.2](#).
- b. Activities may also be controlled, restricted discretionary, discretionary or non-complying as specified in [Rules 18.4.1.2](#), [18.4.1.3](#), [18.4.1.4](#), [18.4.1.5](#) and [18.4.1.6](#).

#### **18.4.2.7 Water supply for firefighting**

- a. Provision for sufficient water supply and access to water supplies for firefighting shall be made available to all buildings (excluding accessory buildings that are not habitable

buildings) via Council's urban reticulated system (where available) in accordance with the [New Zealand Fire Service Firefighting Water Supplies Code of Practice \(SNZ PAS: 4509:2008\)](#).

- b. Where a reticulated water supply compliant with SNZ PAS:4509:2008 is not available, or the only supply available is the controlled restricted rural type water supply which is not compliant with SNZ PAS:4509:2008, water supply and access to water supplies for firefighting shall be in accordance with the alternative firefighting water sources provisions of SNZ PAS 4509:2008.
- c. Any application made in relation to this rule shall not be publicly notified or limited notified other than to the New Zealand Fire Service Commission.

#### **18.4.2.8 Operations management plan – Hagley Oval**

- a. All activities shall be undertaken in accordance with an operations management plan (OMP) that has been prepared by the venue operator in accordance with [Rule 18.4.2.8 \(b\)-\(h\)](#) and certified by the Council's Resource Consents Manager as having addressed the matters set out in [Rule 18.4.2.8](#). The OMP shall be made available to the Council on request.
- b. The OMP shall:
  - i. Set out the practices and procedures to be adopted to meet the following objective:
    - A. that venue managers have a full and clear understanding of the District Plan and/or resource consent requirements associated with operations and facilities at Hagley Oval.
  - ii. Include the following methods, measures and techniques to achieve the above objective:
    - A. assigning roles and responsibilities, including appointment of a representative to be the primary contact person in regard to the management of Hagley Oval;
    - B. a complaints procedure that specifies actions to be taken following receipt of a complaint, including records to be kept and responses to any complaints including remedial action taken;
    - C. a monitoring regime to evaluate compliance with the objectives of the OMP and District Plan and/or resource consent requirements; and
    - D. methods for reviewing and amending the OMP.
  - iii. Outline a process for representatives of the Hagley Oval venue operator to consult with Canterbury Cricket Trust, Canterbury Cricket Association, Hagley Park Reference Group, the Council and Te Rūnanga o Ngāi Tahu on the preparation or amendment of the OMP and recording the findings from and response to any consultation.
  - iv. Be made publicly available at all times on the Hagley Oval venue website.
  - v. Be reviewed, in accordance with [Rule 18.4.2.8 b. ii. D. above](#), a minimum of every five years.

- c. Public access** - the OMP will specifically include a section providing for the maintenance of general public access to Hagley Oval (excluding during sporting events for 2,000 or more spectators). This shall include identifying specific areas and times where it is necessary to exclude the general public to specific, limited areas, for the purpose of maintaining the health and safety of staff, contractors or members of the public during the commissioning and decommissioning of facilities for sporting events, and how, during these times, access to remaining areas will be maintained.
- d. Lighting** - the OMP will specifically include a section on floodlighting which includes provisions related to:
- i. The initial commissioning and testing of floodlighting on installation.
  - ii. The re-testing of floodlighting following luminaire replacement or general maintenance cleaning.
  - iii. Maximum standards and times of operation for the floodlighting, including the process and any applicable timeframes for warming up and shutting down the lighting, to ensure compliance with [Rule 18.4.1.1 P26 Floodlighting for recreation activities at Hagley Oval](#).
  - iv. A monitoring regime.
- e. Noise** - the OMP will specifically include a section on noise which includes provisions related to:
- i. Where and how noise will be measured, monitored and assessed.
  - ii. How any sound system(s) will be calibrated.
  - iii. How noise from mechanical plant associated with the site will be managed.
  - iv. Procedures for noise complaint recording and action, including liaison and cooperation with Council Noise Control Officers.
- f. Facilities (including Temporary Facilities and Structures)** - the OMP will specifically include a section on the provision and operation of facilities, which includes provisions related to:
- i. Ensuring facilities for the storage, collection and disposal of refuse and recycling are provided on site at all times.
  - ii. Ensuring that all temporary facilities and structures (excluding sight screens) are stored off- site or internally out-of-sight within a building when not in use.
  - iii. Providing for the following commissioning, use and decommissioning periods and associated restrictions for temporary facilities and structures:

Temporary structure	Restrictions
Sight screens	No restriction.
Picket fence no more than 1.2m high and positioned within the interior of the embankment	May remain in place for all of the cricket season. When games are not being played, public access is to be maintained through the picket fence and signage shall be erected on the fences to communicate this to the general public.

Television scaffolding towers	May be established four days prior to the first televised match of the cricket season, and shall be removed no later than three days after the last televised match of the cricket season.
Temporary grandstands	Five days either side of an event.
Advertising signage	Three days either side of an event. Signage shall be restricted to on and within the embankment, on temporary infrastructure, and on the Hagley Oval Pavilion.
Perimeter fencing around the edge of the site as shown in the Hagley Oval Layout Plan in <a href="#">Appendix 18.11.6</a>	Three days either side of an event. Public access to the site shall be restricted for sports events exceeding 2,000 spectators on the day of the event only. Signs shall be erected on the perimeter fencing advising that the public have access to the site on non-event days.
Security and safety fencing within Hagley Oval	Three days either side of an event, or five days either side of an event for fencing required for the commissioning and decommissioning of temporary grandstands, provided that: <ul style="list-style-type: none"> <li>i. Fencing shall be limited in extent and duration to that which is required for security purposes and/or in order to comply with Health and Safety regulatory requirements; and</li> <li>ii. Public access to the site shall otherwise be maintained to the fullest extent practicable.</li> </ul>
All other temporary facilities and structures (i.e. portable toilets, food and beverage outlets etc).	Three days either side of an event.
Note: 'Day' excludes any statutory public holidays or days of inclement weather which preclude the commissioning, or decommissioning of facilities or structures in accordance with Health and Safety regulatory requirements.	

- g. **Landscape protection** - the OMP will specifically include a section on tree and plant protection, including provisions related to:
- i. The methods for avoiding adverse effects from construction activity, events, and car parking on trees and planting and remediating any damage caused to the Park,

trees, planting and accessways; including:

- A. The establishment of temporary fencing or other measures to ensure that the storage of heavy equipment, vehicles, machinery and materials does not occur within the drip lines of trees surrounding Hagley Oval;
  - B. The exclusion of any refuelling of plant and machinery within 50 metres of any tree.
  - C. The appointment of an independent, suitably qualified and experienced arborist to supervise works or require measures to maintain tree health and amenity values, in respect of:
    - I. The OMP or Event Management Plan referred to in [Rule 18.4.2.9](#);
    - II. Any works that require the scraping of topsoil;
    - III. Construction of foundations for buildings or structures;
    - IV. The transportation of the lighting tower components;
    - V. Temporary or service vehicle access or parking in proximity to trees; and
    - VI. The siting of temporary facilities and structures.
- h. **Construction Management** - the OMP will specifically include a section on the way in which any construction works shall be undertaken, including specific details addressing:
- i. Ingress and egress to the construction site for construction, delivery, trade and worker vehicles and machinery during the construction period.
  - ii. Measures to be adopted to minimise impacts on visual and aural amenity, including any screening proposed, and to maintain the site in a tidy condition in terms of disposal/storage of rubbish, storage and unloading of building materials and similar construction activities.
  - iii. Details of consultation undertaken with Heritage New Zealand Pouhere Taonga (HNZPT) with respect to their Category 2 listing of the Cricket Pavilion and Setting (HNZ 3656), and protocols to be followed prior to and during any construction works,
  - iv. the Accidental Discovery Protocol that will apply to any archaeological finds on the site.
  - v. A Temporary protection plan (TPP), certified by the Council's Heritage Team Leader, setting out how the heritage fabric of the Cricket Pavilion and Setting (Christchurch District Plan, [Appendix 9.3.7.2](#), listed Items 458 and 242) will be protected during construction works, including a detailed photographic record of Hagley Oval prior to the works starting, the erection of fencing to protect the area around the Cricket Pavilion during works, construction vehicles routes, and fire protection measures.
  - vi. The management of construction noise in accordance with NZS 6803:1999 Acoustics – Construction noise Table 2 and Annex E.
  - vii. Temporary construction lighting and directing of such lighting away from adjacent properties and roads.
  - viii. Measures to provide local residents and businesses information about the

construction activity and timeframes.

- ix. Procedures for complaints recording and actioning.
- x. Location of off-street parking sufficient for site workers and contractors.
- xi. Hours of operation and days of the week for construction activities.
- xii. Means of ensuring the safety of the general public.
- xiii. Procedures for controlling sediment runoff, contamination of stormwater drains, dust and the removal of soil, debris and demolition and construction materials from waterways and drains, adjacent properties, public roads or places.
- xiv. The exclusion of any refuelling of vehicles or equipment within 20 metres of any waterway or drain.

#### **18.4.2.9 Events management plan – Hagley Oval**

- a. All events shall be undertaken in accordance with an events management plan (EMP) that has been prepared by the venue operator in accordance with [Rule 18.4.2.9](#) (b)-(g) and certified by the Council's Resource Consents Manager as having addressed the matters set out in [Rule 18.4.2.9](#), at least two weeks prior to the start of an event. The EMP shall be made available to the Council on request.
- b. The EMP shall:
  - i. Set out the practices and procedures to be adopted to meet the following objectives:
    - A. that event managers have a full understanding of the management requirements associated with events on Hagley Oval;
    - B. that information relating to forthcoming events is communicated to nearby landowners/occupiers, by providing them at least two weeks advance knowledge of when events are to be held, and their related arrangements;
    - C. that information on travel and parking options to facilitate non-car modes of travel is effectively communicated to spectators (at a minimum such communication is to be included as part of the ticket purchase process);
    - D. to ensure contractors engaged in the provision of temporary facilities and structures comply with pack-in and pack-out times stipulated in the OMP referred to in [Rule 18.4.2.8](#);
    - E. to ensure contractors engaged in the provision of temporary facilities and structures maintain public access to Hagley Oval and to the temporary hospital car park;
    - F. to ensure food and beverage facilities are efficiently managed;
    - G. to provide waste facilities that are adequate to cope with the numbers of spectators expected to attend the fixture;
    - H. that rubbish is picked up throughout South Hagley Park and that portion of

North Hagley Park between Riccarton Avenue and the Avon River by 10am of the day following an event;

- I. to ensure crowd behaviour is effectively managed at all major fixtures through the provision of security personnel and marshals;
  - J. to ensure there is safe and orderly access to and from the Hagley Oval for officials, media, players, staff, contractors, and spectators; and
  - K. to protect trees within the Park from potential damage caused by event activities.
- ii. Include the following methods, measures and techniques to achieve the above objectives:
- A. assigning roles and responsibilities, including appointment of a representative to be the primary contact person in regard to the management of Hagley Oval;
  - B. a complaints procedure that specifies actions to be taken following receipt of a complaint, including records to be kept and responses to any complaints including remedial action taken;
  - C. a monitoring regime to evaluate compliance with the objectives of the EMP; and
  - D. methods for reviewing and amending the EMP.
- iii. Address at least three typical event scenarios including:
- A. events of more than 12,000 capacity;
  - B. events of up to 12,000 capacity combined with spectator activity nearby e.g. an event at North Hagley Park; and
  - C. events of up to 12,000 capacity.
- iv. Outline a process for representatives of the Hagley Oval venue operator to consult with Canterbury Cricket Trust, Canterbury Cricket Association, Hagley Park Reference Group, the Council and Te Rūnanga o Ngāi Tahu on the preparation or amendment of the EMP and recording the findings from and response to any consultation.
- v. Be made publicly available at all times on the Hagley Oval venue website.
- c. **Coordination of all relevant agencies** - the EMP shall:
- i. Outline a process for convening and documenting, prior to each event, a briefing meeting of all key agencies to confirm arrangements for the particular event (including confirmation of the number and contact details of personnel involved from each agency). The agencies involved may include:
    - A. Police
    - B. Security companies (in ground and street security patrol)
    - C. Council parking, traffic and roading operations
    - D. CDHB (Christchurch hospital)

- E. Environment Canterbury and Transport companies (bus and train)
  - F. St John (first aid, ambulance)
  - G. Fire service (if required)
  - H. Taxi operators
  - I. Tow truck operators
  - J. Department of Labour occupational safety and health (if considered appropriate by the venue operator)
  - K. Media
  - L. Caterers and merchandisers
  - M. Cleaning contractors
  - N. Traffic management contractor
  - O. Venue users
  - P. The Civil Aviation Authority
- d. **Facilities (including Temporary Facilities and Structures) for events** - the EMP will specifically include a section on the provision and operation of facilities for events, including provisions related to:
- i. Providing additional temporary public toilet facilities external of Hagley Oval at the conclusion of every event.
  - ii. Preparing a litter management plan and identifying an area within the vicinity of Hagley Oval, including any waterway or drain, that shall be cleaned of rubbish and litter attributable to the activities at the Oval between the hours of 08:00 and 14:00 on the day following any event. (The litter management plan will need to address how to limit any adverse effects of this operation).
  - iii. Ensuring that there is no sale or supply of alcohol within car parking areas or other open areas outside of the Hagley Oval perimeter.
  - iv. Taking all reasonable and practical steps to prevent the consumption of alcohol in public areas in the immediate vicinity of Hagley Oval after events finish and shall, through the use of security staff or other means actively encourage patrons to leave the area as soon as practicable.
- e. **Communication** - the EMP will specifically include a section on communication, including provisions related to:
- i. Ensuring ongoing community liaison to inform each household and business within the vicinity of Hagley Oval of forthcoming events and related arrangements. The timing, manner and extent of distribution of information shall be undertaken after consultation with the Council.
  - ii. Providing a telephone "Hotline" to be maintained and advertised by the venue operator for the purposes of enabling residents to contact the appropriate authorities or gain assistance. The Hotline shall operate for two hours prior to any event and shall continue to operate until midday (12:00 hrs) the following day. The

Hotline shall be implemented in such a way that ensures all callers can make contact with event organisers without delay.

- iii. Developing a protocol to effectively and promptly deal with any complaints arising, including, but not limited to, noise, lighting, litter, the actions of spectators and concerns over the management of night time events.
- f. **Transport Management** - the EMP will specifically include a section on transport, including provisions related to:
- i. Establishment and functioning of a Transport Management Group ("TMG") comprising representatives of the Venue Operator, Canterbury Cricket Trust, Canterbury Cricket Association, the CDHB, the Council, the Christchurch Transport Operations Centre, and the traffic management contractor as well as where possible representatives of appropriate transport agencies, organisations and service providers. These should include NZ Police, bus, coach, and taxi operators and others as considered appropriate by the Council. The TMG will provide input into the preparation of the various Transport Management Plans and meet at least annually to review and modify the Transport Management Plans.
  - ii. The requirement for a Transport Management Plan (TMP) to be prepared by the venue operator in accordance with [Rules 18.4.2.9\(f\)](#), certified by the Christchurch Transport Operations Centre (CTOC), and finalised at least one month prior to the commencement of an event. The TMP shall be operational for every event and shall show how transport and traffic aspects of events will be managed to reduce or mitigate any adverse effects. The TMP shall be made available to the Council on request.
  - iii. The goal of the TMP is to avoid, mitigate and/or manage the adverse effects of event-related traffic on the wider neighbourhood and to manage the overlapping transport effects that could result from events occurring at Hagley Park on the same day. The objectives of the TMP and any future modifications shall be:
    - A. to manage the potential impact of events at Hagley Oval and/or at South Hagley Park occurring at the same time period;
    - B. to ensure that emergency service vehicles and other vehicles travelling to or from Christchurch Hospital do not experience any delay or disruption as a result of event related activity;
    - C. to ensure emergency vehicle access, both to the ground and the surrounding neighbourhood, is maintained at all times;
    - D. to ensure access to properties and on street permitted parking at all times during events days;
    - E. to ensure that Arterial and Main Distributor roads continue to function and do not experience excessive congestion as a result of event related activity;
    - F. to strongly encourage patrons and staff to make increasing use of passenger transport to access Hagley Oval for events and to provide passenger transport information and to promote passenger transport services and Information;
    - G. to maximise pedestrian safety particularly immediately before and after the

- event;
  - H. in the immediate vicinity of the ground, to separate the different modes to achieve safe and efficient traffic flow;
  - I. to provide for the movement of passenger transport, so as to encourage this form of transport and assist efficient traffic movement before and after events;
  - J. to manage traffic flows around Hagley Oval so as to facilitate efficient clearing of people and vehicles after events;
  - K. to ensure the TMP is reviewed on a regular basis;
  - L. that contingency plans are developed, to ensure that solutions are available to accommodate foreseeable deviations from the expected operation of the TMP;
  - M. provide for a communication strategy to include the following for events with greater than 2,000 spectators:
    - I. media promotion that provides details of travel options available; and
    - II. for all spectators who pre-purchase tickets to be provided with details of transport options to Hagley Oval, including a request to avoid the use of Riccarton Avenue and including (but not limited to) information regarding car parking locations and public transport.
  - N. to provide facilities for cyclists and for the safe and efficient storage of bicycles; and
  - O. to ensure that convenient and accessible parking is provided for the mobility impaired.
- g. **Noise Management Plan**- the EMP will specifically include a section providing for the implementation of a noise management plan (NMP) for events. The NMP shall include:
- i. Practices and procedures to be adopted to ensure compliance with relevant District Plan rules and/or consent conditions relating to noise, including a monitoring regime;
  - ii. A complaints procedure that specifies actions to be taken following receipt of a complaint, including records to be kept and responses to any complaints including remedial action taken;
  - iii. Procedures to manage noise from traffic, spectators, Public Address (PA) and music from events;
  - iv. Methods for testing any PA system including the set-up, positioning, and operation of speakers;
  - v. The locations of all measurement/monitoring sites and the noise measurements that are to be undertaken at those sites; and
  - vi. The process to review the NMP in order to respond to any specific issues that arise.

#### **18.4.2.10 Hagley Oval Pavilion management plan**

- a. All activities shall be undertaken in accordance with a Hagley Oval Pavilion management plan that has been prepared by the venue operator in accordance with

[Rule 18.4.2.10](#) (b)-(d) and certified by the Council's Resource Consents Manager as having addressed the matters set out in [Rule 18.4.2.10](#). The Hagley Oval Pavilion Management Plan shall be made available to the Council on request.

- b. The Hagley Oval Pavilion Management Plan shall set out the practices and procedures to be adopted to meet the following objectives:
  - i. the Pavilion is only to be used for recreation activities and accessory administrative, social, professional, and retail activities, unless a resource consent for other activities is obtained;
  - ii. the Pavilion is managed so that it is not used for functions which exceed more than 300 people;
  - iii. deliveries and glass recycling are to occur during business daytime hours and noise and disturbance associated with these activities is to be minimised;
  - iv. to ensure noise emissions associated with use of the Pavilion comply with applicable noise rules. Such measures shall include a requirement that in order to minimise noise emissions all external windows and doors are to be closed after 10.00pm (except for the timely entry and exit of patrons and/or the use of the Pavilion during events);
  - v. the operation of the Pavilion shall be carried out in accordance with any conditions of a lease granted by the City Council for use of the Pavilion; and
  - vi. the parking management regime ensures the safe and orderly arrival and departure of visitors.
- c. The Hagley Oval Pavilion Management Plan shall include the following methods, measures and techniques to achieve the above objectives:
  - i. assigning roles and responsibilities, including appointment of a representative to be the primary contact person in regard to the management of the Pavilion;
  - ii. a complaints procedure that specifies actions to be taken following receipt of a complaint, including records to be kept and responses to any complaints including remedial action taken;
  - iii. a monitoring regime to evaluate compliance with the objectives of the Hagley Oval Pavilion Management Plan; and procedures for the use of the Pavilion by the community, including the private hire of the venue for events that are unrelated to recreation activity; and
  - iv. methods for reviewing and amending the Hagley Oval Pavilion Management Plan.
- d. A copy of the Hagley Oval Pavilion Management Plan shall be made publicly available at all times on the Hagley Oval venue website.

### 18.4.3 Area-specific rules – Open Space Community Parks Zone

- a. The following rules apply to the areas specified. All activities are also subject to [Rule 18.4.1](#) (excluding [Rule 18.4.1.1 P8](#)) and [Rule 18.4.2](#) unless specified otherwise in [18.4.3](#).

#### 18.4.3.1 Area-specific activities - Open Space Community Parks Zone (Templeton)

- a. Unless, and until, the conditions in [Rule 17.9.1c](#) are satisfied, the land shown on the Planning Maps as “Ru Q or OCP (Templeton)” shall be zoned Rural Quarry Zone.
- b. If, and when, the conditions in [Rule 17.9.1c](#) are satisfied, the land shown on the Planning Maps as “Ru Q or OCP (Templeton)” shall be zoned Open Space Community Parks Zone (Templeton). The Open Space Community Parks Zone (Templeton) shall take effect from the date that the conditions in [Rule 17.9.1c](#) are satisfied.

#### 18.5.4.1.2 Area-specific controlled activities

- a. The activities listed below are controlled activities.
- b. Any application arising from the requirements of this rule will not require written approvals and shall not be limited or publicly notified.

Activity		The Council's control shall be limited to the following matters:
C1	Creation of new vehicle and pedestrian access points not generally in accordance with the Development Plan in Appendix 18.11.2c.	<ol style="list-style-type: none"> <li>a. Traffic effects associated with the new location and layout of the access/egress points;</li> <li>b. The provision of adequate lighting and the effects on the neighbouring residential properties; and</li> <li>c. The design of access/egress routes to ensure public safety.</li> </ol>
C2	Removal of vegetation in areas identified on the Development Plan in Appendix 18.11.2c. as to be retained.	<ol style="list-style-type: none"> <li>a. The replacement where appropriate on the site of suitable indigenous vegetation to enhance the ecological and landscape character of the area.</li> </ol>
C3	Use of artificial lighting in excess of 100 lux measured at the boundary of the Open Space Metropolitan Facilities Zone (Temporary Christchurch Stadium) and 40 lux at the window of any residential unit.	<ol style="list-style-type: none"> <li>a. The proximity of sensitive activities, such as residential activities, guest accommodation or healthcare facility, and the nature of any adverse effects on them;</li> <li>b. The duration of the activity and its timing;</li> <li>c. The frequency of the use;</li> <li>d. The special nature of the use; and</li> <li>e. Relevant standards and guidelines for lighting effects.</li> </ol>
C4	Any activity listed in Rules 18.5.4.1.1 P1 – P3 that results in amplified noise levels in excess of those specified in the activity specific standards.	<ol style="list-style-type: none"> <li>a. The proximity of sensitive activities, such as residential activities, guest accommodation or healthcare facility;</li> <li>b. The duration of the activity and its timing;</li> </ol>

Activity		The Council's control shall be limited to the following matters:
		<ul style="list-style-type: none"> <li>c. The frequency of the use; and</li> <li>d. The special nature of the use.</li> </ul>
<b>C5</b>	Any activity listed in <a href="#">Rule 18.5.4.1.1 P7</a> that does not meet one or more of the activity specific standards.	<ul style="list-style-type: none"> <li>a. The matters of discretion for signage set out in <a href="#">6.8.5</a>.</li> </ul>

### 18.5.4.1.3 Area-specific restricted discretionary activities

- a. The activities listed below are restricted discretionary activities.
- b. Discretion to grant or decline consent and impose conditions is restricted to the matters of discretion set out in [Rule 18.10](#), as set out in the following table.

Activity		The Council's discretion shall be limited to the following matters:
<b>RD1</b>	Any activity listed in <a href="#">Rules 18.5.4.1.1 P1 – P16</a> that does not meet one or more of the built form standards in <a href="#">Rule 18.5.4.2</a> .	<p>For any application:</p> <ul style="list-style-type: none"> <li>a. Activities and development within the Open Space Metropolitan Facilities Zone – Temporary Christchurch Stadium – <a href="#">Rule 18.10.7</a>.</li> </ul> <p>And as relevant to the built form standard that is not met:</p> <ul style="list-style-type: none"> <li>b. Recession planes – <a href="#">Rule 18.10.18</a>.</li> </ul>
<b>RD2</b>	Any activity listed in <a href="#">Rules 18.5.4.1.1, P1 – P16</a> that does not meet one or more of the activity specific standards unless otherwise specified as a controlled activity in <a href="#">Rule 18.5.4.1.2</a> .	<ul style="list-style-type: none"> <li>a. Activities and development within the Open Space Metropolitan Facilities Zone – Temporary Christchurch Stadium – <a href="#">Rule 18.10.7</a>.</li> <li>b. Matters of Discretion – <a href="#">Rule 6.1.8</a> (General rules - Noise)</li> </ul>

### 18.5.4.1.4 Area-specific discretionary activities

- a. The activities listed below are discretionary activities.

Activity	
<b>D1</b>	Any activity not provided for as a permitted, controlled or restricted discretionary activity.

#### 18.5.4.1.5 Area-specific non-complying activities

- a. There are no non-complying activities.

#### 18.5.4.1.6 Area-specific prohibited activities

- a. There are no prohibited activities.

### 18.5.4.2 Area-specific built form standards – Open Space Metropolitan Facilities Zone (Temporary Christchurch Stadium)

#### 18.5.4.2.1 Building platforms and setbacks from an internal boundary

- a. Structures and buildings shall be located generally in the two building platforms illustrated on the Development Plan, Appendix 18.11.2a, except that structures remaining on the site for less than one month may be located in the playing field.

#### 18.5.4.2.2 Vegetation and landscaping

- a. Landscaping shown on the Development Plan in Appendix 18.11.2.c. shall be maintained at all times in a tidy state, and any diseased or damaged plants shall be replaced as soon as practicable.
- b. A solid fence of not less than 1.8 metres in height shall be located on the north eastern boundary of the site with the Residential Medium Density Residential zoned land.

#### 18.5.4.2.3 Maximum building height

- a. The maximum height of any building shall be as follows:

	Applicable to	Standard
i.	All buildings and structures located generally within the area of building platform 1 area shown on the Development Plan in Appendix 18.11.2.a.	22 metres
ii.	All buildings and structures located generally within the area of building platform 2 shown on the Development Plan in Appendix 18.11.2.a. except as specified in (iii) below.	4 metres
iii.	Any wayfinding signage and structures, sculptures and entrance gates located generally within areas 7 and 8 shown on Development Plan in Appendix 18.11.2.a.	9 metres
iv.	Light towers located generally within areas 9 shown on the Development Plan in Appendix 18.11.2.a.	40 metres

#### 18.5.4.2.4 Recession planes

- a. No part of any **building** located along the north eastern boundary with the **Residential** Medium Density **Residential** Zone (except as specified in b. below) shall project beyond a building envelope contained by a **52 60** degree recession plane measured from any point **2.3 4.0** metres above the **site boundary**.
- b. The corporate box section of the North Stand may project into the recession plane in accordance with the diagrams in the Development Plan in **Appendix 18.11.2.b**.
- c. Where **sites** are located within a **flood management area**, recession plane breaches created by the need to raise floor levels will not require written approvals and shall not be limited or publicly notified.

#### 18.5.4.2.5 Event management plans

- a. An Area Liaison Committee for Event Management comprising representatives of the Stadium Trust, the Arena, Addington Raceway and the **Council** shall meet at least 4 times per annum for the purposes of:
  - i. determining and publishing a schedule of events and anticipated crowd numbers at the Addington location;
  - ii. Consulting on management plans as appropriate for events.
- b. Prior to any activity being undertaken at the stadium an event day operational plan (the Event Management Plan (EMP)) is required to be developed by the venue operator and submitted to the **Council's** Environmental Policy and Approvals Manager for certification that the matters set out in this rule are addressed. The EMP will be provided for certification no later than one month prior to the first event and shall address at least five typical event scenarios including:
  - i. concerts of up to 34,000 capacity;
  - ii. events of up to 25,000 capacity;
  - iii. events of up to 25,000 capacity combined with spectator activity nearby e.g. an event at CBS Arena;
  - iv. events of up to 18,000 capacity;
  - v. events of less than 8,000 capacity

Advice note:

- 1. While these five scenarios will require specific event management plans to be developed, crowd-based formulas may require further planning to recognise differences between, for example, crowds for rugby and for league matches and different types of matches, e.g. for a test match and for a domestic provincial match.
- c. Coordination of all relevant agencies - the EMP will specifically include a section which outlines a process for the proper coordination of all relevant agencies involved in managing

events at the stadium. This section shall outline the process for convening, prior to each event, a briefing meeting of all key agencies to confirm arrangements for the particular event (including confirmation of the number and contact details of personnel involved from each agency). The agencies involved may include:

- i. Police
  - ii. Security companies (in ground and street security patrol)
  - iii. Council parking, traffic and roading operations
  - iv. NZTA (motorway)
  - v. Environment Canterbury and Transport companies (bus and train)
  - vi. St Johns (first aid, ambulance)
  - vii. Fire service (if required)
  - viii. Taxi operators
  - ix. Tow truck operators
  - x. Department of Labour occupational safety and health (if considered appropriate by the Stadium Operator)
  - xi. Media
  - xii. Caterers and merchandisers
  - xiii. Cleaning contractors
  - xiv. Traffic management contractor
  - xv. Venue users.
- d. Lighting — the EMP will specifically include a section on lighting, which includes provisions related to:
- i. The initial commissioning of the lighting towers on installation.
  - ii. The testing of the lighting prior to events.
  - iii. Maximum standards and times of operation for the lighting used for both construction and training, including the process and timeframes for warming up and shutting down the lighting.
  - iv. Maximum standards and times of operation for feature lighting.
  - v. A monitoring regime to including the location of monitoring points.
  - vi. Mitigation measures proposed in the case of a restricted discretionary activity to exceed the lighting levels specified.
- e. Noise - the EMP will specifically include a section on noise, which includes provisions related to:

- i. Where and how noise will be measured, monitored and assessed.
  - ii. How the sound system will be calibrated.
  - iii. How fireworks involving detonation will be managed.
  - iv. How noise from mechanical plant associated with the **site** will be managed.
  - v. Mitigations proposed in the case of a restricted discretionary activity to exceed the noise levels specified.
  - vi. Procedures for complaint recording and action, including liaison and cooperation with **Council** Noise Control Officers.
- f. Facilities - the EMP will specifically include a section on the provision and operation of facilities, which includes provisions related to:
- i. Ensuring facilities for the storage, collection and disposal of refuse and recycling are provided on-site at all times.
  - ii. Providing additional temporary public toilet facilities external of the stadium at the conclusion of every event.
  - iii. Management of any temporary hospitality facilities associated with an event, including their set up, servicing and removal.
  - iv. Preparing a litter management plan and identifying an area within the vicinity of the stadium that shall be cleaned of rubbish and litter attributable to the activities at the stadium between the hours of 08:00 and 14:00 on the day following any event. (The litter management plan will need to address how to limit any adverse effects of this operation).
  - v. Ensuring that there is no sale or supply of alcohol within **parking areas** or other open areas outside of the stadium perimeter although the sale or supply of alcohol to persons in licensed areas inside the stadium is permitted up to 22:00 hrs Sunday to Thursday and 23:00 hrs Friday, Saturday and any public holiday.
  - vi. Taking all reasonable and practical steps to prevent the consumption of alcohol in **parking areas** after events finish and shall, through the use of security staff or other means, actively encourage patrons to leave the **parking areas** as soon as practicable.
- g. Communication — the EMP will specifically include a section on communication, including provisions related to:
- i. Ensuring ongoing community liaison to inform each household and business within the vicinity of the stadium of forthcoming events and related arrangements not less than four times per year. The timing, manner and extent of distribution of information shall be undertaken after consultation with the **Council**.
  - ii. Providing a telephone "Hotline" to be maintained and advertised by the stadium operator for the purposes of enabling residents to contact the appropriate authorities or gain assistance. The Hotline shall operate for two hours prior to any event and shall continue to operate until midday (12:00 hrs) the following day. The Hotline shall be implemented

in such a way that ensures all callers can make contact with event organisers without delay.

- iii. Developing a protocol to effectively and promptly deal with any complaints arising, including, but not limited, to, noise, lighting, litter, the actions of spectators and concerns over the management of night-time events.
- h. Transport Management - the EMP will specifically include a section on transport, including provisions related to:
- i. Establishment and functioning of a Transport Management Group ("TMG") comprising representatives of the Stadium Operator, the CBS Arena and Addington Raceway and the Council, the traffic management contractor as well as, where possible, representatives of appropriate transport agencies, organisations and service providers. These should include CRC, NZTA, NZ Police, bus, coach, taxi and train operators and others as considered appropriate by the Council. The TMG will provide input into the preparation of the various Transport Management Plans and meet at least 4 times per year to review and modify the Transport Management Plans.
  - ii. The requirement for a Transport Management Plan (TMP) to be finalised at least one month prior to an Event and to be operational for every event. The TMP shall show how transport and traffic aspects of events will be managed to reduce or mitigate any adverse effects.
  - iii. The goal of the TMP, namely to avoid, mitigate and manage the adverse effects of event – related traffic on the wider neighbourhood and to manage the overlapping transport effects that could result from events occurring at either the CBS Arena or the Addington Raceway on the same day. The objectives of the TMP and any future modifications shall be:
    - A. to manage the potential impact of events at the stadium and/or at the CBS Arena and Addington Raceway occurring on the site at the same time period;
    - B. to ensure that residents are able to access their properties and on-street permitted parking at all times during events days;
    - C. to ensure that arterial roads continue to function and do not experience excessive congestion as a result of event-related activity;
    - D. to strongly encourage patrons and staff to make increasing use of passenger transport to access the stadium for events and to provide passenger transport information and to promote passenger transport services and Information;
    - E. to maximise pedestrian safety particularly immediately before and after the event;
    - F. to ensure emergency vehicle access, both to the ground and the surrounding neighbourhood, is maintained at all times;
    - G. in the immediate vicinity of the ground, to separate the different modes to achieve safe and efficient traffic flow;

- H. to provide for the parking and movement of passenger transport, so as to encourage this form of transport and assist efficient traffic movement before and after events;
  - I. to manage traffic flows around the stadium so as to facilitate efficient clearing of people and vehicles after events;
  - J. to investigate the definition of a parking restriction zone around the stadium for events, which may include provision for:
    - (i) Residents' only parking in residential streets within the restricted zone;
    - (ii) Stadium-related parking being excluded with the zone;
    - (iii) Business areas to retain existing parking restrictions;
  - K. to ensure the TMP is reviewed on a regular basis;
  - L. that contingency plans are developed, to ensure that solutions are available to accommodate foreseeable deviations from the expected operation of the TMP;
  - M. to provide for park and ride and park and walk facilities which may be required for the purpose of enabling patrons to use passenger transport or special bus and train services, in accordance with the TMP for any given event;
  - N. to provide facilities for cyclists and for the safe and efficient storage of bicycles;
  - O. to ensure that convenient and accessible parking is provided for the mobility impaired;
  - P. Provisions to ensure that transport arrangements, (including residents' only parking areas, the likelihood of towing, street closures, park and walk and ride locations and special bus and train services) shall be included in all pre-match publicity for events, in conjunction with the TMG.
- i. Construction Management Plan - A Construction Management Plan is required to be developed by the venue operator before the works commence and submitted to the Council's Resource Consents Unit Manager for certification that the matters set out in this rule are addressed. The Construction Management Plan will include specific details relating to the excavation of the site, or parts thereof, and the construction and management of all works including:
- i. Methods for reducing the potential adverse effects associated with the interaction of construction traffic with traffic associated with events at the CBS Arena/Addington Raceway.
  - ii. Ingress and egress to the construction site for construction, trade and worker vehicles and machinery during the construction period.
  - iii. Measures to be adopted to minimise impacts on visual and aural amenity, including location of noisy activities away from residences and businesses, any screening proposed, and to maintain the site in a tidy condition in terms of disposal/storage of rubbish, storage and unloading of building materials and similar construction activities.

- iv. Construction noise shall be managed as far as is practicable in accordance with [NZS 6803:1999 Acoustics – Construction noise Table 2 and Annex E](#).
- v. The Construction Noise Management Plan shall include specific details relating to managing noise to achieve these conditions and shall include specific details relating to managing noise in the event that these levels may be exceeded.
- vi. Temporary construction lighting if required should be directed away from adjacent properties and [roads](#).
- vii. Measures to provide local residents and businesses information about the construction activity and timeframes.
- viii. Procedures for complaints recording and auctioning.
- ix. Measures to limit the disturbance caused by the delivery of materials to the [site](#) on neighbouring residents.
- x. Location of off-street parking sufficient for workers and contractors.
- xi. Hours of operation and days of the week for construction activities.
- xii. Means of ensuring the safety of the general public.
- xiii. Procedures for controlling sediment runoff, dust and the removal of soil, debris and demolition and construction materials from adjacent properties, public [roads](#) or places.
- xiv. Procedures for preventing contamination of stormwater drains with water containing soil sediment.
- xv. Procedures related to the [excavation](#) of soil, including preparation of a management plan for managing contaminated materials in the event they are discovered, including:
  - A. Health and safety requirements for those working around contaminated materials;
  - B. Outline of visual/odour indicators of contamination at [site](#);
  - C. Unexpected contamination discovery procedure – includes notifying relevant authorities etc.;
  - D. Stockpiling requirements for contaminated soils;
  - E. Erosion and sediment control measures;
  - F. Possible groundwater control measures;
  - G. Disposal requirements, landfill acceptance of materials;
  - H. Validation of remaining in situ soils, and reporting to Environment Canterbury and the [Council](#);
  - I. Reinstatement.

#### 18.6.1.4 Discretionary activities

- a. The activities listed below are discretionary activities.

Activity	
<b>D1</b>	Any activity that does not comply with built form standard <a href="#">18.6.2.4</a> .

#### 18.6.1.5 Non-complying activities

- a. The activities listed below are non-complying activities.

Activity	
<b>NC1</b>	Any activity not provided for as a permitted, controlled, restricted discretionary, or discretionary activity.
<b>NC2</b>	<a href="#">Motorised sports facility</a> .
<b>NC3</b>	<a href="#">Sensitive activities</a> within the Air Noise Contour (50 dB $L_{dn}$ ) as defined on the planning maps.

## Activity

- NC4** a. Sensitive activities and buildings (excluding accessory buildings associated with an existing activity):
- i. within 12 metres of the centre line of a 110kV or 220kV National grid transmission line or within 12 metres of a foundation of an associated support structure; or
  - ii. within 10 metres of the centre line of a 66kV National grid transmission line or within 10 metres of a foundation of an associated support structure.
- b. Fences within 5 metres of a National grid transmission line support structure foundation.
- c. Any application made in relation to this rule shall not be publicly notified or limited notified other than to Transpower New Zealand Limited.

### Advice notes:

1. The National grid transmission lines and electricity distribution lines are shown on the planning maps.
2. Vegetation to be planted around the National grid should be selected and/or managed to ensure that it will not result in that vegetation breaching the Electricity (Hazards from Trees) Regulations 2003.
3. The New Zealand Electrical Code of Practice for Electrical Safe Distances (NZECP 34:2001) contains restrictions on the location of structures and activities in relation to National grid transmission lines. Buildings and activities in the vicinity of National grid transmission lines must comply with the NZECP 34:2001.

### 18.6.1.6 Prohibited activities

- a. There are no prohibited activities.

### 18.6.2 Built form standards – Open Space McLeans Island Zone

#### 18.6.2.1 Road boundary setback

- a. The minimum building setback from any road boundary shall be 25 metres.

#### 18.6.2.2 Internal boundary setback

- a. The minimum building setback from an internal boundary with any zone excluding the Transport Zone shall be 20 metres.

### 18.6.2.3 Building height

- a. The maximum height of any building shall be 20 metres.

### 18.6.2.4 Building footprint, site coverage and impervious surfaces

- a. The maximum footprint of a single building (excluding playground equipment) shall be 1,000 m<sup>2</sup>, unless otherwise specified in the activity specific standards in Rule 18.6.1.1.
- b. The maximum percentage of any site covered by buildings shall be 3%.
- c. The maximum percentage of any site covered by impervious surfaces (excluding buildings, walkways, tracks, and cycle ways) shall be 5%.

### 18.6.2.5 Water supply for firefighting

- a. Provision for sufficient water supply and access to water supplies for firefighting shall be made available to all buildings (excluding accessory buildings that are not habitable buildings) via Council's urban reticulated system (where available) in accordance with the New Zealand Fire Service Firefighting Water Supplies Code of Practice (SNZ PAS: 4509:2008).
- b. Where a reticulated water supply compliant with SNZ PAS:4509:2008 is not available, or the only supply available is the controlled restricted rural type water supply which is not compliant with SNZ PAS:4509:2008, water supply and access to water supplies for firefighting shall be in accordance with the alternative firefighting water sources provisions of SNZ PAS 4509:2008.
- c. Any application made in relation to this rule shall not be publicly notified or limited notified other than to the New Zealand Fire Service Commission.

### 18.9.1.3 Restricted discretionary activities

- a. The activities listed below are restricted discretionary activities.
- b. Discretion to grant or decline consent and impose conditions is restricted to the matters of discretion set out in Rule 18.10, as set out in the following table.

Activity	The Council's discretion shall be limited to the following matters:

<b>RD1</b>	<p>a. Any activity listed in <a href="#">Rule 18.9.1.1</a> P8 or P10 that does not meet one or more of the activity specific standards, except where provided by <a href="#">Rule 18.9.1.3</a>.</p> <p>b. Any application arising from this rule shall not be limited or publicly notified.</p>	<p>a. Indigenous vegetation and ecosystems in the Open Space Coastal Zone – <a href="#">Rule 18.10.24</a></p> <p>b. Exotic vegetation planting in the Open Space Coastal Zone – <a href="#">Rule 18.10.25</a></p>
<b>RD2</b>	<p>a. <b>Indigenous vegetation clearance</b>, except as provided for in <a href="#">Rule 18.9.1.1</a> P2.</p> <p>b. Any application arising from this rule shall not be limited or publicly notified.</p>	<p>a. Indigenous vegetation and ecosystems in the Open Space Coastal Zone – <a href="#">Rule 18.10.24</a></p>
<b>RD3</b>	<p>a. Planting of exotic vegetation except as provided for in <a href="#">Rule 18.9.1.1</a> P10.</p> <p>b. Any application arising from this rule shall not be limited or publicly notified.</p>	<p>a. Exotic vegetation planting in the Open Space Coastal Zone – <a href="#">Rule 18.10.25</a></p>
<b>RD4</b>	<p>a. The construction of the vehicular <b>access</b> to the Coastal Bach Overlay, as shown in <a href="#">Appendix 18.11.5</a>.</p> <p>b. Any application arising from this rule shall not be limited or publicly notified.</p>	<p>a. Baches within Taylors Mistake, Hobsons Bay and Boulder Bay - <a href="#">Rule 18.10.26.a</a>.</p>
<b>RD5</b>	<p>a. One single 2 m<sup>2</sup> addition to an existing <b>bach</b> as shown in <a href="#">Appendix 18.11.5</a> and existing at 21 October 2016, provided the addition does not increase the <b>height</b> of the <b>bach</b> beyond the existing roofline.</p> <p>b. This rule does not apply to any relocated or new <b>bach</b> located within the Coastal Bach Overlay.</p>	<p>a. Baches within Taylors Mistake, Hobsons Bay and Boulder Bay – <a href="#">Rule 18.10.26.b</a> and <a href="#">18.10.26.c</a>.</p>

#### 18.9.1.4 Discretionary activities

- a. The activities listed below are discretionary activities.

Activity	
<b>D1</b>	Additions to existing <b>buildings</b> , except as specified in <a href="#">Rule 18.9.1.3</a> RD5 and <a href="#">Rule 18.9.1.5</a> NC2

<b>D2</b>	<b>Buildings</b> and <b>parking areas</b> associated with surf lifesaving clubs, yacht clubs and coastguard facilities
<b>D3</b>	<b>Recreation activities</b> and <b>recreation facilities</b> , other than those provided for under <a href="#">Rule 18.9.1.1</a> . P3
<b>D4</b>	<b>Marine structures</b>
<b>D5</b>	<p>a. The following <b>public amenities</b>:</p> <ul style="list-style-type: none"> <li>i. visitor information centres;</li> <li>ii. changing rooms;</li> <li>iii. public toilets; and</li> <li>iv. bridges.</li> </ul>

### 18.9.1.5 Non-complying activities

a. The activities listed below are non-complying activities.

<b>Activity</b>	
<b>NC1</b>	Any activity not provided for as a permitted, controlled, restricted discretionary, discretionary, or prohibited activity.
<b>NC2</b>	Any additions or alterations to an existing <b>bach</b> at Taylors Mistake, Hobson Bay, and Boulder Bay as shown in <a href="#">Appendix 18.11.5</a> , other than as provided for in <a href="#">Rule 18.9.1.3</a> RD5.
<b>NC3</b>	Within the Coastal Bach Overlay, any <b>bach</b> or activity that does not meet one or more of the built form standards in <a href="#">Rule 18.9.2.2</a> , <a href="#">Rule 18.9.2.3</a> , <a href="#">Rule 18.9.2.4</a> or <a href="#">Rule 18.9.2.5</a> .

<b>NC4</b>	<p>a. Sensitive activities and buildings (excluding accessory buildings associated with an existing activity) within 12 metres of the centre line of a 220kV National Grid transmission line or within 12 metres of a foundation of an associated support structure; or</p> <p>b. Fences within 5 metres of a National Grid transmission line support structure foundation.</p> <p>c. Any application made in relation to this rule shall not be publicly notified or limited notified other than to Transpower New Zealand Limited (absent its written approval).</p> <p>Advice notes:</p> <ol style="list-style-type: none"> <li>The National Grid transmission lines are shown on the Planning Maps.</li> <li>Vegetation to be planted around the National Grid should be selected and/or managed to ensure that it will not result in that vegetation breaching the Electricity (Hazards from Trees) Regulations 2003.</li> <li>The New Zealand Electrical Code of Practice for Electrical Safe Distances (NZECP 34:2001) contains restrictions on the location of structures and activities in relation to National Grid transmission lines. Buildings and activities in the vicinity of National Grid transmission lines must comply with the NZECP 34:2001.</li> </ol>

### 18.9.1.6 Prohibited activities

- a. The activities listed below are prohibited activities.

	Activity
<b>PR1</b>	Any new or relocated bach that would result in the total number of baches in that part of the Open Space Coastal Zone shown in Appendix 18.11.5, including the Coastal Bach Overlay area, exceeding 45 baches.
<b>PR2</b>	Any new or relocated bach that does not meet the built form standard in Rule 18.9.2.1.

### 18.9.2 Built form standards – Coastal Bach Overlay only

#### 18.9.2.1 Bach numbers

- a. A maximum of 18 baches can be established on the area of land shown as Coastal Bach Overlay in Appendix 18.11.5.

### 18.9.2.2 Building scale

- a. The **gross floor area** of any individual **bach** shall be no more than 50m<sup>2</sup>. For the purposes of this rule **gross floor area** shall only include ground floor and shall exclude any mezzanine level.
- b. The total area of all decks associated with a **bach** shall be no more than 6m<sup>2</sup>.

### 18.9.2.3 Building height

- a. The maximum **height** of any **building** shall be 4.5 metres.

### 18.9.2.4 Site coverage

- a. No more than 25% of the total area shown in [Appendix 18.11.5](#) shall be covered by **buildings**, decks and **impervious surfaces**.

### 18.9.2.5 Vehicle access

- a. The use of the vehicular **access** to the Coastal Bach Overlay shown in [Appendix 18.11.5](#) shall be restricted to **bach** owners for the purposes of taking people or goods to or from their respective **baches** or for vehicles specifically needed for construction, maintenance or **emergency** purposes. Except for the **loading** or unloading of people and/or goods, and for the temporary parking of vehicles (other than vehicles owned by **bach** owners) specifically needed for construction, maintenance or **emergency** purposes, there shall be no parking in the Coastal Bach Overlay shown in [Appendix 18.11.5](#).

## 18.10 Rules - Matters of discretion

### 18.10.1 Recreation facilities and major sports facilities

- a. Whether any reduced **site** size will:
  - i. Provide sufficient separation to mitigate the effects of activities, **buildings** and **parking areas** on open space and **adjoining** residents;
  - ii. Provide adequate public access and connectivity;
  - iii. Promote a safe physical environment and reflect principles of [Crime Prevention through Environmental Design](#) (CPTED);
  - iv. Enable a mixed or multifunctional use of land and facilities, and/or an adaptable design to increase the capacity of the open space and the **recreation facility**;

- v. Create benefits in terms of satisfying the needs of the local community, particularly where there is an identified deficiency, or specialised recreational needs.
- b. Whether the scale of the **recreation facility** is in keeping with the local context and character of the surrounding environment.
- c. Whether the **recreation facility** will displace the informal and/or passive recreational open space and/or adversely affect any planting or the amenity of the open space;
- d. Whether any natural and **historic heritage** areas, and/or significant trees will be protected.
- e. In addition, in the case of Naval Point Boat Harbour, 16-25 Marina Access, Lyttelton, whether the **recreation facility**:
  - i. will displace the permitted recreational boating, marine **recreation activities** and/or associated facilities;
  - ii. will have adverse impacts on access to the boat launching facilities and/or the coastal marine area.
- f. In addition, in the case of Open Space McLeans Island Zone, whether the **recreation facility** and associated activities will adversely affect **conservation activities**, including the captive bird breeding programme, within the Peacock Springs Conservation Area (identified in [Appendix 17.12.1](#), Chapter 17, particularly in terms of noise disturbance).
- g. In addition, in the case of the Open Space Natural Zone, whether:
  - i. **indigenous vegetation** and **indigenous fauna** and their habitats will be maintained and/or enhanced;
  - ii. the proposal will enable people to experience the natural environment;
  - iii. it is necessary for the activity and/or facility to be located within an open space natural environment;
  - iv. the facility supports **recreation activities** and/or tourism activities and provides necessary services such as public toilets.

#### **18.10.2 Scale of activity, displacement, multifunctional, non-recreational, community and cultural facilities**

- a. Whether the activity/facility has a practical or functional need to be located within the open space and/or **recreation facility**.
- b. Whether the activity/facility and/or its scale will:
  - i. Significantly reduce open space or impede access to it;
  - ii. Displace **recreation facilities** or **recreation activities**;
  - iii. Be compatible with open space functions and **recreation activities**;

- iv. Have a layout and design that is appropriate to the locality, context, character and/or natural values of the area;
  - v. Adversely impact on the **amenity values** of **adjoining** open space and residents, including visual impacts, noise, glare, nuisance and traffic effects;
  - vi. Promote a safe physical environment and reflect principles of **Crime Prevention through Environmental Design** (CPTED).
- c. The extent to which the ground level area of the **building** interacts with pedestrians and pedestrian linkages.
  - d. Whether the activity will provide economic benefits enabling the ongoing operation and maintenance of **recreation facilities** and/or open spaces.
  - e. The extent to which the activity/facility maintains existing or future public access connections to walking/cycling track networks including alignment with the **Council's Public Open Space Strategy 2010-2040**.

### **18.10.3 Traffic generation and access**

- a. Whether traffic generation and **vehicle access** will adversely affect the character and amenity of the surrounding area and/or safety and efficient functioning of the **road** network.
- b. The ability to cater for increased traffic generation taking into account:
  - i. The classification and **formation** of the connecting **road** network; and
  - ii. The hourly, daily and weekly pattern of **vehicle movements**;
  - iii. The ability to provide safe **vehicle access** and adequate on-site car parking and circulation;
  - iv. Traffic Management plans.
- c. Any adverse effects in terms of noise, vibration, dust, nuisance, glare and fumes that are incompatible with the amenity of the open space and/or **adjoining** residents.

### **18.10.4 Hours of operation**

- a. The extent to which the hours of operation:
  - i. will result in adverse effects on the **amenity values** of open space and/or residents, including noise, glare, nuisance, disturbance, loss of security and privacy; and
  - ii. support the retention and viability of the use within a **heritage item**.

### 18.10.5 Parking areas and public transport facilities

- a. Whether the **parking area** or **public transport facility** will:
  - i. Significantly reduce open space and/or displace **recreation activities**;
  - ii. Give rise to nuisance effects;
  - iii. Be designed and landscaped to mitigate visual effects. Reference should be made to General Rules and Procedures, [Appendix 6.11.6](#), Part B for guidance and information on tree species.
  - iv. Promote a safe physical environment and reflect principles of **Crime Prevention through Environmental Design** (CPTED).
  - v. Allow for better utilisation and improve the amenity of the open space and/or facilities within.
- b. Whether the facility has a practical need to be located within open space.
- c. In the case of a **Major sports facility** on that part of Elmwood Park located at 83D Heaton Street (Lot 1, DP 12727), whether the reduced on-site **parking area** will create extra demand for parking in the surrounding streets and/or adversely affect the efficiency and safety of the **road** network, and/or the **amenity values** of the surrounding environment.

### 18.10.6 Public amenities

- a. For **public amenities buildings** containing toilets and/or changing rooms, whether the reduced **setback** will:
  - i. detract from amenity of **adjoining** residents and give rise to nuisance effects;
  - ii. promote a safe physical environment and reflect principles of CPTED.
- b. For other **public amenities buildings**/structures, whether the **building**/structure will:
  - i. be of scale that detracts from the open space qualities, particularly the natural character of waterway margins;
  - ii. have a layout and design that is appropriate to the locality, context and character of the area;
  - iii. allow for better utilisation and improve the amenity of the open space.
- c. The extent to which the design and **landscaping** mitigates visual effects. Reference should be made to General Rules and Procedures, [Appendix 6.11.6](#), Part B for guidance and information on tree species.
- d. In the case of the Open Space McLeans Island Zone, whether adequate disposal of effluent can be provided, and whether **buildings** can be protected from flood risk.
- e. The extent to which **indigenous vegetation** and **indigenous fauna** and their habitats will be damaged or destroyed and whether any replacement planting or habitat is proposed.

- f. The extent to which the removal of vegetation and/or proposed planting recognises Ngāi Tahu/Manawhenua cultural values such as **indigenous biodiversity** or mahinga kai.

### **18.10.7 Activities and development within the Open Space Metropolitan Facilities Zone – Temporary Christchurch Stadium**

- a. For night sporting events that exceed capacity limits specified for permitted activities in [18.5.4.1.1](#):
- i. The duration of the activity and its timing;
  - ii. The nature of the activity, including its value and/or benefit (economically, socially and/or culturally) to the wider community;
  - iii. The availability or otherwise of alternative venues with an appropriate capacity;
  - iv. The impact on nearby residential properties and occupants;
  - v. The cumulative effect of the activity.
- b. For concerts that exceed noise levels specified for permitted activities in [18.5.4.1.1](#):
- i. The proximity of **sensitive activities**;
  - ii. The levels of noise predicted to be received at residential properties in the vicinity and elsewhere, and the scale and nature of associated effects;
  - iii. Relevant standards and guidelines for noise effects assessment;
  - iv. The duration of the activity and its timing;
  - v. The nature of the activity, including its value and/or benefit (economically, socially and/or culturally) to the wider community;
  - vi. The availability or otherwise of alternative venues with an appropriate capacity;
  - vii. The effectiveness of methods of control and mitigation proposed in the Event Management Plan;
  - viii. Sound system design and calibration;
  - ix. Any proposals made by the applicant to reduce noise generation, including:
    - A. reduction of noise at source;
    - B. screening of **boundaries**.
- c. For any other permitted activity which does not meet the provisions of the Development Plan in [Appendix 18.11.2](#), the activity specific standards specified for permitted activities in [Rule 18.5.4.1.1](#), or the built form standards in [Rule 18.5.4.2](#):
- i. The impact on nearby residential properties and occupants;
  - ii. The cumulative effect of the activity;

- iii. The necessity for the location as opposed to elsewhere on the site where it may be permitted;
- iv. The duration, timing and frequency of the activity;
- v. The nature of the activity, including its value and/or benefit (economically, socially and/or culturally) to the wider community.

### **18.10.8 Planting of exotic vegetation**

- a. The extent to which planting of exotic vegetation:
  - i. Will adversely affect natural habitats, including their restoration and enhancement;
  - ii. Could be substituted with appropriate **indigenous vegetation** ;
  - iii. Will create a risk of the species spreading to **adjoining** land;
  - iv. Has benefits in terms of control of localised erosion;
  - v. Provides a temporary shelter for **indigenous vegetation**.
- b. Whether there will be opportunities to remove the exotic plants and replace with **indigenous vegetation** and the likely timeframes.
- c. The extent of adverse effects on the functioning and **indigenous vegetation** of the **wetlands adjoining** Te Waihora (Lake Ellesmere).
- d. In the context of the historic parks design, whether exotic vegetation would maintain the predominant character of existing planting.
- e. The extent to which the activity will impact on Ngāi Tahu/Manawhenua cultural values, including **indigenous biodiversity** and mahinga kai.

### **18.10.9 Activities on the surface of water bodies**

- a. The size and speed of any vessels to be used and the extent to which activities on the surface of the **water body** will adversely affect:
  - i. The natural values of **water bodies** and their margins;
  - ii. Margin and bank stability and the likelihood of erosion;
  - iii. Wildlife, including disturbance to nesting, feeding or spawning sites;
  - iv. Residents in **adjoining** residential or rural zones, particularly in terms of noise impacts;
  - v. Public access to the **water body** and create potential congestion where vessels are loaded and unloaded.
  - vi. Ngāi Tahu/Manawhenua cultural values, including **indigenous biodiversity** and mahinga kai.

- b. Within a [site of Ngāi Tahu cultural significance](#) identified in [Appendix 9.5.6](#), the matters set out in [Rule 9.5.5](#) as relevant to the site classification.

#### **18.10.10 Te Waihora (Lake Ellesmere), Wairewa (Lake Forsyth), and Kaitorete Spit - Open Space Water and Margins Zone**

- a. The extent to which the activities will impact tangata whenua's cultural values, [customary harvesting](#) rights, the viability of the lakes as a source of mahinga kai, and the health of their ecology.
- b. The ability to prevent nutrients and pollutants from entering the lakes.
- c. Whether the activities are consistent with the established cultural significance of the lakes to iwi.
- d. The extent to which activities are designed to avoid sediment and contaminants from entering the lakes and coastal waters.
- e. The extent to which activities are designed to avoid inducing erosion, subsidence or landslip.
- f. Whether the opening and closing of Te Waihora (Lake Ellesmere) and Wairewa (Lake Forsyth) manages lake water levels in a way which avoids, remedies or mitigates adverse effects on the character and the cultural, ecological and [amenity values](#) of the lakes.
- g. The extent to which public [vehicle access](#) to Kaitorete Spit and the margins of Te Waihora (Lake Ellesmere), other than to [formed roads](#) or authorised vehicle tracks, and except for [emergency](#) services, [farming](#), and scientific research, will adversely affect the natural character, indigenous ecosystems, human safety or the [amenity values](#) of the lake margins and the adjacent land.

#### **18.10.11 Residential activity**

- a. Whether a residential unit or additional residential units(s) is needed for custodial or management purposes, or other purposes.
- b. The extent to which available open space would be reduced by proposed [buildings](#) and their surrounds and adversely affect the range of [recreational activities](#) undertaken on the [site](#).
- c. Whether the scale of residential accommodation would have adverse effects on the visual quality of the environment, residential amenities and traffic generation.
- d. The extent of the visual impacts of such development as seen from any residential zone or [road frontage](#).

#### **18.10.12 Landscaping and trees**

- a. The extent to which the proposed [landscaping](#) and tree planting:

- i. achieves a high level of on-site amenity while minimising the visual effects of activities and **buildings** on the surroundings;
  - ii. supports the growth of vegetation and its protection through the provision of space, or other methods, e.g. barriers;
  - iii. recognises Ngāi Tahu/mana whenua values through the use of **indigenous vegetation**.
- b. Whether any lesser **landscaping** (or mounding, in the case of the Open Space Metropolitan Facilities Zone (Canterbury Agricultural Park)) would increase actual or perceived noise, odour and visual detracton.
- c. The extent to which the non-compliance is mitigated through the design, scale and type of **landscaping** proposed, including the species used.

#### **18.10.13 Additional matters for Hagley Park**

- a. Whether there are alternative convenient locations, venues or **buildings** outside Hagley Park where the activity/facility could locate.
- b. Whether the scale of the proposed activity/facility is in proportion to the need generated by the **recreation activities** and sporting activities taking place within the park.
- c. The extent to which the activity/facility impacts on:
  - i. the ability to accommodate future outdoor **recreation activity**;
  - ii. the existing landscape qualities, including vistas, views into the park, **water body margins**, woodlands and group planting, and avenues of trees; and
  - iii. the botanical and heritage features within the park.
- d. The length of time, where relevant, and the season in which the proposed activity/facility is proposed to be in operation and measures proposed to reinstate the area upon vacating the **site**.
- e. Within a **site of Ngāi Tahu cultural significance** identified in [Appendix 9.5.6](#), the matters set out in [Rule 9.5.5](#) as relevant to the site classification.

#### **18.10.14 Additional matters for Open Space Water and Margins Zone and Avon River Precinct/Te Papa Ōtākaro Zone**

- a. The extent to which the proposal may have adverse effects on the **water body** and **water body margins**, ecosystems, water quality and the ability to drain stormwater.
- b. Whether the proposal may have adverse effects on wildlife by way of disturbance to nesting or feeding sites.
- c. The extent to which any **building** within the **water body margins** may affect public access to and along the **water body**.

- d. Whether the proposal will have adverse impacts on the visual, natural or heritage character of the **water body** and/or margins and their value to the public.
- e. The extent of the visual impact of the proposed development's scale and its appropriateness having regard to the purpose of the zone.
- f. Whether the proposed **building** or structure forms an integral part of the Avon River Precinct/Te Papa Ōtākaro in which case regard will be had to any approved park master plan.
- g. The extent to which the activity will impact on Ngāi Tahu/mana whenua cultural, **indigenous biodiversity** and mahinga kai values.
- h. Within a **site of Ngāi Tahu cultural significance** identified in [Appendix 9.5.6](#), the matters set out in [Rule 9.5.5](#) as relevant to the site classification.

### **18.10.15 Setback from boundaries**

- a. The extent to which a reduced internal **boundary setback** will result in:
  - i. Adverse visual effects on open space and/or **adjoining** residents;
  - ii. Potential for activities within the **building** to give rise to disturbance to neighbours or nuisance effects;
- b. The extent to which a reduced **road setback** will detract from the pleasantness, coherence, openness and attractiveness of the **site** as viewed from the street and **adjoining sites**, including consideration of:
  - i. Compatibility with the appearance, layout and scale of other **buildings** and **sites** in the surrounding area;
  - ii. The classification and **formation** of the **road**, and the volume of traffic using it in the vicinity of the **site**.
- c. Whether the scale and **height** of the **building/s** is compatible with the layout, scale and appearance of other **buildings** within the **site** and/or on **adjoining sites**.
- d. The extent to which the provision of planting or screening will mitigate adverse effects of the encroachment. Reference should be made to General Rules and Procedures, [Appendix 6.11.6](#), Part B for guidance and information on tree species.
- e. Whether the development is designed and laid out to promote a safe environment and reflects principles of [Crime Prevention through Environmental Design](#) (CPTED).
- f. The extent to which the reduced **setback** will result in a more efficient, practical and better use of the balance of the **site**.
- g. Whether a reduced **setback** from the railway corridor will enable **buildings**, **balconies** or decks to be constructed and/or maintained without requiring access above, on, or over the railway corridor.

### **18.10.16 Outdoor storage**

- a. The extent to which planting or screening will mitigate any adverse visual effects of **outdoor storage areas**. Reference should be made to General Rules and Procedures, [Appendix 6.11.6](#), Part B for guidance and information on tree species;
- b. The extent to which the materials or goods stored within the **setback** have an adverse visual effect.

### **18.10.17 Building height**

- a. The extent to which the increased **building height** will result in:
  - i. visual dominance;
  - ii. loss of privacy and outlook for **adjoining** residents;
  - iii. incompatibility with the character and scale of **buildings** within and surrounding the **site**;
  - iv. adverse visual effects that are mitigated by **landscaping**. Reference should be made to General Rules and Procedures, [Appendix 6.11.6](#), Part B for guidance and information on tree species.
- b. Whether the increased **building height** will result in any benefits in terms of retention of open space, significant trees or the satisfaction of specialised recreational needs.
- c. Whether the development is designed and laid out to promote a safe environment and reflects the principles of [Crime Prevention through Environmental Design](#) (CPTED).
- d. In addition, in respect of the Canterbury Museum and Robert McDougall Art Gallery **site** (Rolleston Avenue), the extent to which the increased **building height**:
  - i. reflects or complements **adjoining** or nearby areas of important public or open spaces;
  - ii. impacts on the use of **adjoining public open space** (e.g. shadowing and wind funnelling);
  - iii. impacts on the definition or containment of any **adjoining public open space**;
  - iv. visually dominates nearby focal points or features (e.g. statues, memorials, water features or specimen trees);
  - v. impacts on any vistas or pedestrian linkages.

### **18.10.18 Recession Planes**

- a. The extent to which the recession plane intrusion will result in:
  - i. overshadowing and reduced sunlight admission, taking account the location of **residential units** on **adjoining sites** and the position of main **living areas** and **outdoor living spaces**;

- ii. loss of privacy and outlook for **adjoining** residents;
  - iii. visual dominance;
  - iv. compatibility with the character and scale of **buildings** within and surrounding the **site**;
  - v. adverse visual effects that can be mitigated by **landscaping**. Reference should be made to General Rules and Procedures, **Appendix 6.11.6**, Part B for guidance and information on tree species.
- b. Whether the recession plane intrusion will create any benefits in terms of retention of open space or the satisfaction of specialised recreational needs.

#### **18.10.19 Water supply for firefighting**

- a. Whether sufficient firefighting water supply is available to ensure the health and safety of the community, including neighbouring properties.

#### **18.10.20 Additional matters for Hagley Park - building footprint, site coverage and impervious surfaces**

- a. The extent to which the maximum building footprint, **site coverage** and/or **impervious surfaces** coverage are exceeded and whether the extent proposed is necessary to meet the needs of existing and future **recreation activities** and sporting activities provided for within Hagley Park.
- b. Whether there are opportunities for co-location within existing facilities within the park or locating the activity/facility on alternative **sites** outside the park.
- c. Whether the scale of development will detract from the amenity and **heritage values** of the park, public use and enjoyment of the green open spaces, and whether an appropriate balance of open space will be retained.
- d. The extent to which the proposal will result in loss of the existing heritage landscaping and planting.
- e. Whether any **landscaping** proposed:
- i. will be sufficient to mitigate the environmental effects of the development; and
  - ii. will complement the existing landscape qualities and botanical values of the park.

#### **18.10.21 Building footprint, site coverage and impervious surfaces**

- a. Whether the proposal is consistent with the role and function of the open space and/or **recreation facility**;

- b. Whether the scale of development will detract from **amenity values**, public use and enjoyment of the open space and/or **recreation facility**.
- c. Whether the location, layout and design is consistent with urban design principles.
- d. Whether the scale, design, materials, and external appearance are appropriate to the receiving environment.
- e. Whether the development is designed and laid out to promote a safe environment and reflects principles of **Crime Prevention through Environmental Design** (CPTED).
- f. Whether appropriate public access and connectivity is provided;
- g. The extent to which any adverse visual effects can be mitigated by effective use of planting. Reference should be made to General Rules and Procedures, **Appendix 6.11.6**, Part B for guidance and information on tree species.
- h. The extent to which mixed or multifunctional use of land and facilities, and adaptable design increases the capacity of the open space and **recreation facility**;
- i. The extent to which the proposal meets a recreational need of the community, particularly where there is an identified deficiency, or a specialised recreational need.
- j. Where the **site** is within the Akaroa Heritage Area, the matters set out in **Rule 9.3.6.3**.
- k. Within a **site of Ngāi Tahu cultural significance** identified in **Appendix 9.5.6**, the matters set out in **Rule 9.5.5** as relevant to the site classification.

#### **18.10.22 Plantation forestry**

- a. Whether the **plantation forestry** promotes best practice in terms of any recognised industry standards or guidelines and any management plan for the operation.
- b. The effects of the **plantation forestry** on the open space character and **amenity values** taking into account:
  - i. The scale and extent of the proposed forestry and any cumulative effects taking into account **existing forestry** in the vicinity.
  - ii. Any adverse effects of tracking or roading, including visibility, scarring, the extent to which existing contours are followed and any proposed measures to remedy or mitigate the effects.
  - iii. Any adverse effects on the landscape values of the **site** and surrounding environment.
  - iv. The relationship of the planted area to existing landforms, including ridgelines.
- c. The effects of **plantation forestry** activities, in particular harvesting, on infrastructure and the **amenity values** of the surrounding environment, in terms of traffic generation and safety, noise, dust and nuisance and proposed management methods to mitigate the potential effects.

- d. Any benefits generated by the **plantation forestry** in relation to carbon sequestration and reduction of greenhouse gases.
- e. The potential for the spread of wilding trees and any management plans to contain or eradicate wilding trees.
- f. Within a **site of Ngāi Tahu cultural significance** identified in **Appendix 9.5.6**, the matters set out in **Rule 9.5.5** as relevant to the site classification.

### **18.10.23 Recreation facilities**

- a. Whether the **recreation facility**:
  - i. Is consistent with the role and function of the Open Space Zone it is proposed in;
  - ii. Will displace the permitted **recreation facilities** and **recreation activities**;
  - iii. Has a practical or functional need to be located within the open space;
  - iv. Will displace recreational boating, marine **recreation activities** or **recreation facilities** at the Naval Point Boat Harbour, 16-25 Marina Access, Lyttelton, and/or adversely affect public access to the coastal area.

### **18.10.24 Indigenous vegetation and ecosystems in the Open Space Coastal Zone**

- a. The extent to which **indigenous vegetation** and **indigenous fauna** and their habitats are maintained and/or enhanced.
- b. The source of any **indigenous vegetation** and whether the non-local origin is the most appropriate.
- c. The extent to which **indigenous vegetation** and **indigenous fauna** and their habitats will be affected and whether replacement planting of **indigenous vegetation** is proposed.
- d. Any effects on the stability and resilience of beaches and dunes, habitat restoration and enhancement.

### **18.10.25 Exotic vegetation planting in the Open Space Coastal Zone**

- a. Whether consideration has been given to using appropriate **indigenous vegetation** instead of exotic species.
- b. Whether the species proposed to be planted are likely to spread into **adjoining** land.
- c. The extent to which the planting of exotic vegetation, rather than local **indigenous vegetation**, is essential.

- d. The ability to remove the exotic plants and replace with **indigenous vegetation** and the likely timeframes.
- e. The extent to which the **indigenous biodiversity** and the functioning of ecosystems will be affected.
- f. Any effects on the stability and resilience of beaches and dunes, habitat restoration and enhancement.

#### **18.10.26 Baches within Taylors Mistake, Hobsons Bay and Boulder Bay**

- a. The location of the **access** point and impact on the **adjoining Council reserve**.
- b. The visual impact of the **building** addition and its appropriateness in the coastal environment and landscape setting.
- c. Whether the **building** addition is required to achieve a connection to a reticulated sewer system.

#### **18.10.27 Additional matters for the Yaldhurst Recreation and Sports Facility**

- a. The extent to which the non-compliance will result in:
  - i. adverse visual effects on the character and amenity of the surrounding area, including effects from a reduction in **landscaping**, large areas of sealed car parking, **building** bulk and/or lack of articulation, or colour inappropriate for the context, as viewed from the neighbouring properties, Yaldhurst Road or the commercial area south of Yaldhurst Road,
  - ii. an unsafe physical environment which does not reflect the principles of **Crime Prevention through Environmental Design (CPTED)**;
  - iii. increased nuisance effects on the neighbouring properties, including noise and glare;
- b. For an aquatic facility:
  - i. The degree to which any aquatic facility proposed on the **site** would meet a need identified in the Christchurch City Council Aquatic Facilities Plan 2017 Review, or Sport New Zealand's **Canterbury Spaces and Places Plan 2017**;
  - ii. Whether uses not permitted at an aquatic facility on the **site** would impact the sustainability of, and public investment in, the aquatic facilities network. This includes impacts on the affected community resulting from loss of an existing facility;
  - iii. Whether there is or would be adequate water and wastewater capacity to service an aquatic facility once operational.

- A. Applicable to all buildings:**
- On sites in non-residential zones that adjoin the Residential Suburban Zone, Residential Small Settlement Kalnga Overlay Areas 1 and 2 and Spencerville Overlay Area.

- B. Applicable to all buildings:**
- On sites in non-residential zones that adjoin the Residential Density Transition Zone and Residential Hills Zone.

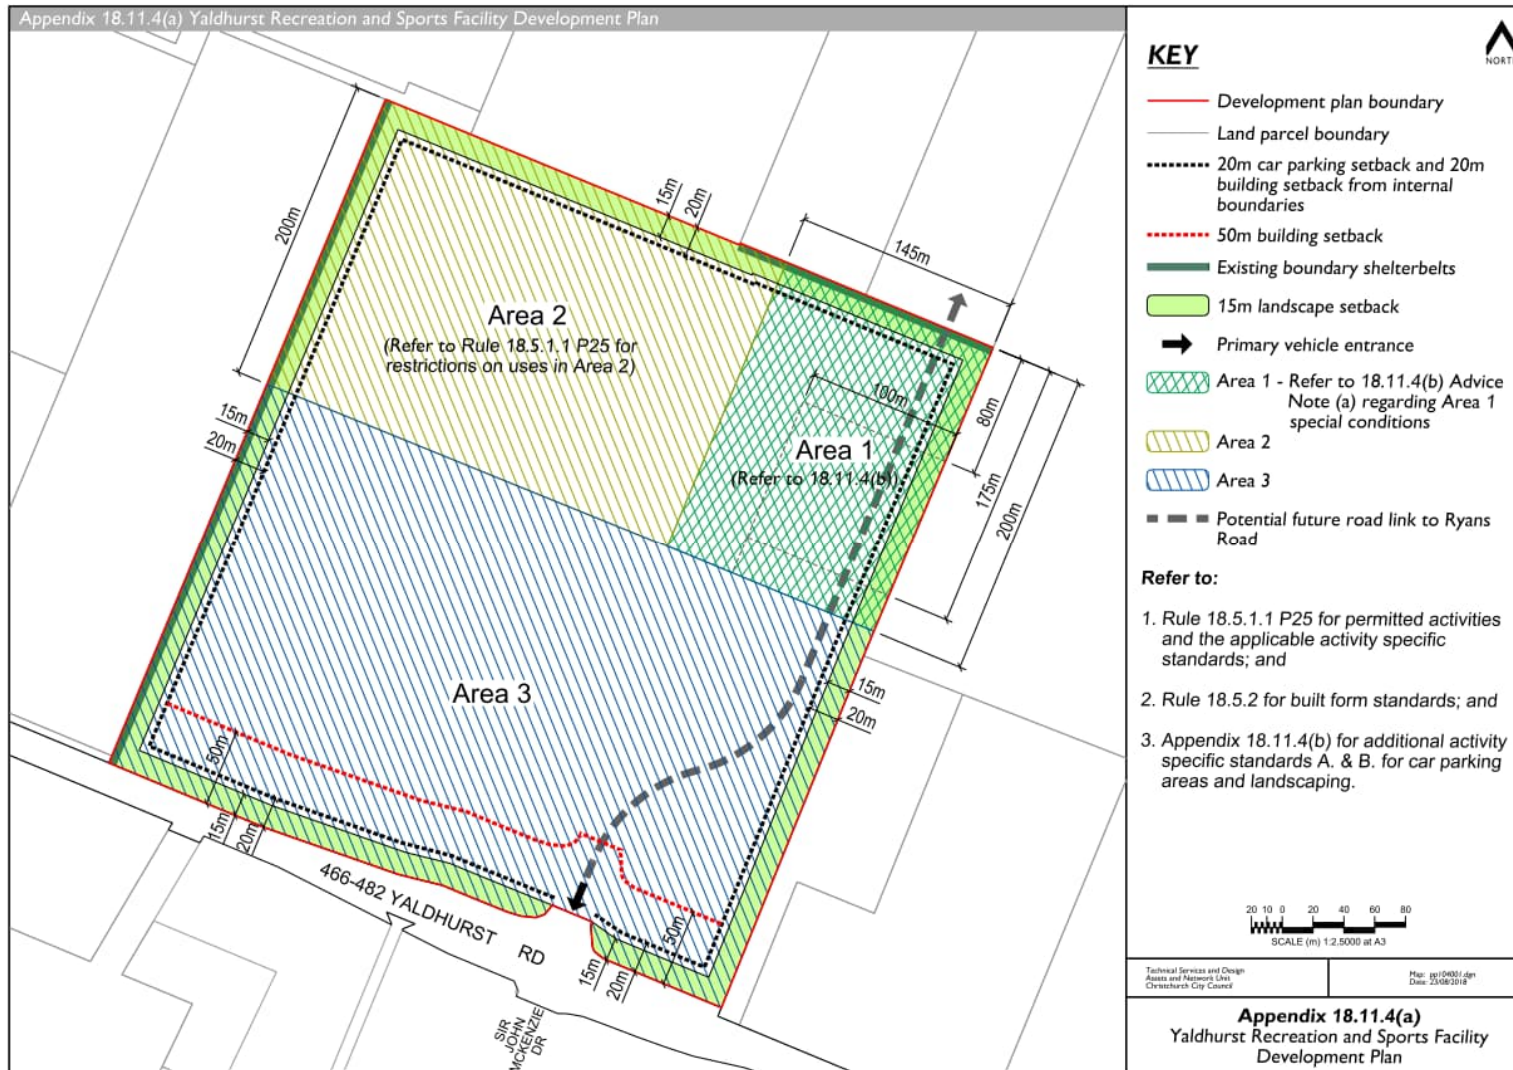

- C. Applicable to all buildings:**
- On sites in non-residential zones that adjoin the Residential Medium Density Zone.

- D. Applicable to all buildings:**
- On sites in non-residential zones that adjoin the Residential Medium Density Zone Higher Height Limit Overlay areas.
  - On sites in non-residential zones that adjoin the Residential Medium Density Zones (except those buildings over 11 metres in height).

- E. Applicable to all buildings:**
- Over 11 metres in height on sites in non-residential zones that adjoin the Residential Medium Density Zone Higher Height Limit Overlay areas, Residential Central City Zone, Residential Guest Accommodation Zone and Accommodation and Community Facilities Overlay.

# Appendix 18.11.4 - Yaldhurst Recreation and Sports Facility Development Plan

- a. *Advice Note:* Seating, lighting and floodlighting in Area 1, and car parking layout and landscaping requirements associated with the consented football facilities are controlled by resource consent no. RMA92033391, or any subsequent variation or new consent for the same area.
- b. The following standards (A) and (B) are activity specific standards additional to those in Rule 18.5.1.1 P25. Non-compliance will result in the activity becoming a Restricted Discretionary Activity under Rule 18.5.1.3 RD9.

**A. Car parking areas - layout and landscaping standards**

1. There shall be no car parking areas within 20 metres of the Yaldhurst Road boundary.
2. Car parking shall be divided into areas no more than 1 hectare in size, with car parking areas being separated from each other by existing shelterbelts or landscaping strips planted with canopy trees.
3. For each separate car parking area:
  - a. one tree shall be planted for every 5 parking spaces provided; and
  - b. trees, such as those listed in Appendix 6.11.6 Part B Section 3, shall be planted within or adjacent to that car parking area.

**B. Landscaping standards - all areas other than parking areas**

*Shelterbelts*

1. Existing boundary shelterbelts shown on the Development Plan in Appendix 18.11.4(a) shall be retained and any gaps within them shall be planted with the same species and at the same spacing as the surrounding vegetation, to create a continuous row of trees.

*Landscaping along internal boundaries*

2. Except where there are existing boundary shelterbelts, the 15 metre landscape setback along the internal boundaries of the Development Plan area, shall be grassed and shall contain two staggered rows of trees 8 metres apart, with the outer row set back a minimum of 5 metres from the boundary, and the trees in each row planted no more than 10 metres apart. The planting shall include a mix of evergreen and deciduous tree species to provide for screening all year round.

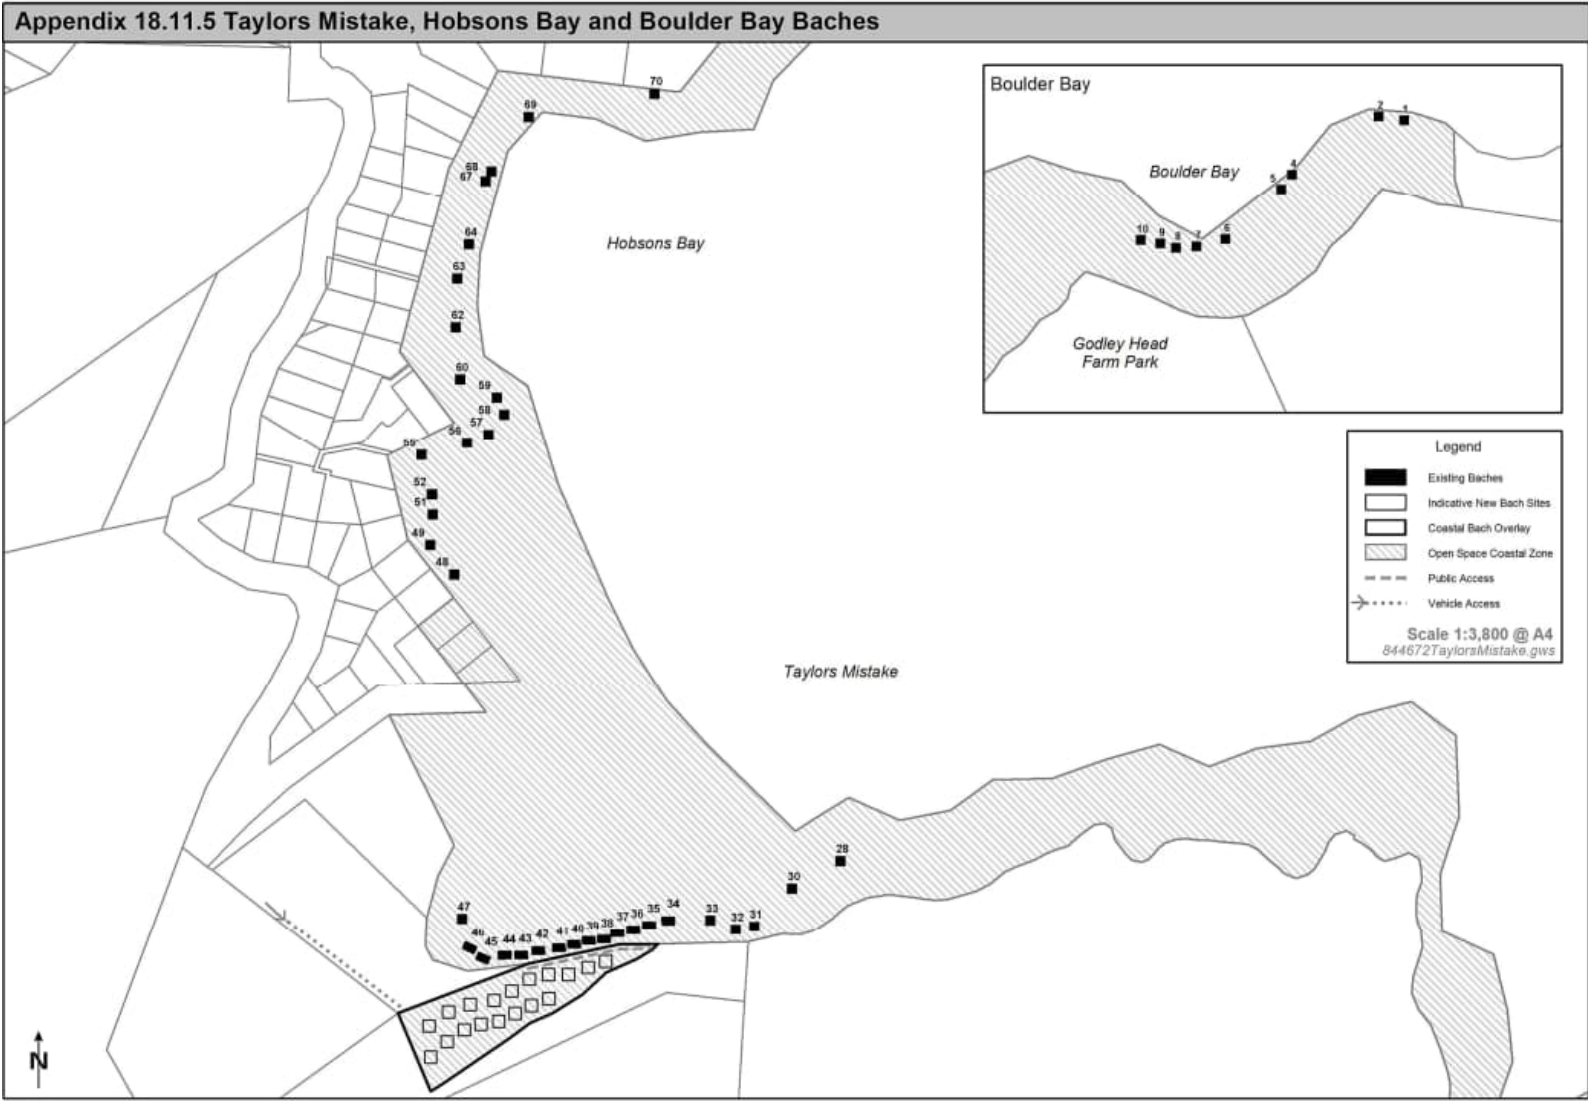

*Landscaping on road boundary*

3. Except where occupied by a vehicle crossing, walkway, cycle way, or a lawfully established feature, the 15 metre landscape setback along the Yaldhurst Road boundary shall be grassed and planted with a mix of evergreen and deciduous trees capable of reaching more than 8 metres in height. The trees shall be planted in natural groupings and intermittently spaced, with the total number of trees equating to at least one tree per every 8 metres of the road boundary.

*All landscaping areas in A. and B.*

4. The requirements of Appendix 6.11.6, Part A also apply.
5. See Appendix 6.11.6 Part B for information on suitable tree species.
