6.2 Temporary Activities, Buildings and Events

6.2.1 Introduction

- a. This introduction is to assist the lay reader to understand how this sub-chapter works and what it applies to. It is not an aid to interpretation in a legal sense.
- b. Sub-chapter 6.2 Temporary Activities, Buildings and Events relates to the management of **temporary activities and buildings** and events throughout the district. The objectives, policies, rules, standards and matters of discretion seek to enable these activities in order to recognise the important role that such activities play in the rebuild of Christchurch, while managing the potential adverse effects on the environment. Please note, temporary earthquake recovery activities are addressed separately in [Sub-chapter 6.4 Temporary Earthquake Recovery Activities](#).
- c. The provisions in this sub-chapter give effect to the [Chapter 3 Strategic Directions Objectives](#).

6.2.2 Objective and Policies

6.2.2.1 Objectives - Temporary activities and buildings and events

- a. A diverse range of **temporary activities and buildings** and events is enabled, while having regard to the natural, historic and cultural values and expected **amenity values** of the areas in which they are located. The **temporary activities and buildings** and events:
 - i. provide opportunities for artistic, social and/or cultural expression;
 - ii. contribute to the economic recovery and resilience of **Christchurch District**; and/or
 - iii. reinforce or promote a positive sense of place and community.

6.2.2.1.1 Policy - Temporary activities and buildings and events

- a. Enable **temporary activities and buildings** and events, provided:
 - i. the location, frequency, scale, duration and effects of the **temporary activity and building** are compatible with the level of amenity anticipated by the surrounding environment, or are within a range that can be tolerated given the temporary nature of the activity;
 - ii. parking and traffic generation are managed so that:
 - A. **road** safety and network efficiency is not compromised; and
 - B. **accessibility** within and to local **commercial centres** and businesses is not adversely affected;

- C. temporary parking within Hagley Park does not result in disturbance to the ground, or to the root systems of trees, that would adversely affect the long-term health or life span of the trees;
- iii. public access to **public open space** is maintained as far as practicable, given the nature of the activity or event in question;
- iv. natural, historic or cultural values of sites are not permanently modified, damaged or destroyed; and
- v. activities, **buildings** or events in the vicinity of **strategic infrastructure** do not compromise the operation of that infrastructure or pose a safety risk.

6.2.2.1.2 Policy – Temporary construction buildings

- a. Enable temporary **buildings** and other structures associated with construction projects, including temporary **signage**, provided that the amenity impacts on the surrounding environment are effectively managed, while recognising that within the context of the rebuild, a higher threshold of tolerance should be provided for temporary adverse amenity effects that do not compromise health or safety.

6.2.3 How to interpret and apply the rules

- a. The rules that apply to **temporary activities and buildings** in all zones are contained in the activity status tables (including activity specific standards) in [Rule 6.2.4](#).
- b. **Temporary activities and buildings** are exempt from the rules in the relevant zone chapters and other **District Plan** rules, except as specified below or in the activity specific standards in [Rule 6.2.4](#).

- e. In the Specific Purpose (Defence Wigram) Zone, the rules for temporary recreation activities, events or exhibitions (Rule 13.1.4.1.1 P2) apply instead of the rules for events and temporary markets in Rule 6.2.4.1.1 (P2 to P5, and P10).
