Where the Independent Hearings Panel recommends that green definitions or the blue links to other provisions and/or external documents are accepted they remain unchanged.

Changes recommended by the Independent Hearings Panel (including to proposed PC14 provisions, definitions and links) are shown as **bold underlined** for text in the Council's 'Reply Provisions' that are recommended to be accepted or for additional new text, and ~~**bold deleted**~~ for text to be deleted (ie the purple and orange colours in the Council's 'Reply Provisions' have been removed).

#### 3. Further Instructions and Explanations for Council

- a. Throughout the chapter many scheduled sites are identified as being in the Residential Suburban Zone (ie they retained their current zoning as a result of the LPTAA QM). Council is instructed to update the zone references to align with the removal of this QM.

- b. Throughout the chapter and schedule the Rural Urban Fringe has been deleted. This is not a relevant residential zone and should be reinstated. Also the Future Urban Zone is to be deleted throughout the chapter.
- c. There are no further instructions as all recommended changes have been shown in the chapter.

## 6.5 Scheduled Activities

### 6.5.1 Introduction

- a. This introduction is to assist the lay reader to understand how this sub-chapter works and what it applies to. It is not an aid to interpretation in a legal sense.
- b. [Sub-chapter 6.5](#) Scheduled Activities relates to the management of scheduled activities throughout the district. Scheduled activities are specific established activities that are not generally anticipated by the underlying zoning. The provisions of this chapter recognise the benefits provided by such activities by enabling their ongoing operation, rebuilding, redevelopment and limited expansion, in a manner that maintains or enhances the [amenity values](#), character and natural values of the [adjoining](#) environment. Scheduled activities are wide ranging, and include [community facilities](#), [spiritual activities](#), [cultural activities](#), [service stations](#), holiday parks, [taverns](#) and public [utilities](#).
- c. The provisions in this sub-chapter give effect to the [Chapter 3 Strategic Directions Objectives](#).

### 6.5.2 Objective and policy

#### 6.5.2.1 Objective — Scheduled activities

- a. The community benefits provided by specific established activities, that are complementary to residential areas or that require distribution or location outside of [commercial centres](#), are recognised and those activities are enabled to operate, rebuild, redevelop and expand on their existing [sites](#) in a way that maintains or enhances the [amenity values](#), character and natural values of the [adjoining](#) residential, rural or open space environment.

##### 6.5.2.1.1 Policy — Manage effects and expansion of scheduled activities

- a. Enable the ongoing operation, rebuilding, redevelopment and limited expansion of established scheduled activities that provide a community benefit where any significant adverse effects and expansion can be managed so as not to undermine other [District Plan](#) objectives, including residential and rural [amenity values](#), residential coherence, and the focusing of [commercial activities](#) and [community activities](#) in centres.

### 6.5.3 How to interpret and apply the rules

- a. On [sites](#) identified in [Rule 6.5.6](#) Schedule of activities, the rules in sub-chapter 6.5 replace the zone rules for those [sites](#) with respect to the identified scheduled activity only.
- b. Any activity, other than the scheduled activity identified in [Rule 6.5.6](#), shall be subject to the provisions of the zone listed in [Rule 6.5.6](#) and shown on the Planning Maps.
- c. The rules that apply to the scheduled activities in [Rule 6.5.6](#) are contained in:
  - i. the activity status tables (including activity specific standards) in [Rule 6.5.4.1](#); and
  - ii. the built form standards in [Rule 6.5.4.2](#).
- d. The activity status tables, rules and standards in the following chapters also apply to scheduled activities:
  - 4 [Hazardous Substances and Contaminated Land](#);
  - 5 [Natural Hazards](#);
  - 6 [The other sub-chapters of General Rules and Procedures](#);
  - 7 [Transport](#);
  - 8 [Subdivision, Development and Earthworks](#);
  - 9 [Natural and Cultural Heritage](#); and
  - 11 [Utilities and Energy](#).

- b. Activities may also be controlled, restricted discretionary, discretionary, non-complying or prohibited as specified in [Rules 6.5.4.1.2](#), [6.5.4.1.3](#), [6.5.4.1.4](#), [6.5.4.1.5](#) and [6.5.4.1.6](#).
